# General Information

## NON-DEGREE SEEKING STUDENTS

Non-Degree Seeking Students (Non-Matriculating) Students who wish to enroll in courses for college credit on a non-matriculating (non-degree) basis may register for those courses without making a formal application for admission to Mercy College. However, all non-matriculating students must meet with an admissions counselor to complete a non-degree form and to have the desired courses approved.

**Non-matriculated students are not eligible for Federal, State or Institutional Financial Aid.** For payment options or assistance with financial aid requirements, an appointment with a Enrollment Services Staff member is recommended. You are welcome to the Office of Enrollment Services at any of our four campus locations or may phone the Office of Admissions to become a matriculated student at 877-MERCY-GO.

## FINANCIAL ASSISTANCE

The Office of Student Services communicates with students both via Mercy Connect and via US Mail. Requests for required documentation and financial aid award package notifications are sent as both a targeted email message, and via US Mail. To expedite processes, students are encouraged to login to Mercy Connect weekly to check for these messages. Directions for using Mercy Connect are available in the Mercy Connect Section of this bulletin. Additionally, you are welcome to visit one of our campus Office of Enrollment Services if you need personalized assistance. Finally, you may also contact us by telephone:

**Athletic Scholarships 914-674-7566**

**Academic Scholarships 888-464-6737**

**Account or Financial Aid status 1-888-464-6737**

## WITHDRAWALS AND REFUNDS

Students wishing to withdraw from courses for which they have registered MUST file an official withdrawal. Ceasing to attend classes does not constitute an official withdrawal. If you do not officially withdraw it will result in the issuance of a grade of "FW" which will be calculated into the student's GPA as an "F" and may result in dismissal. In addition this status will be reported to the Office of Enrollment Services and may result in a reevaluation and possibly a reduction of financial aid funds. Notification to the instructor or to any other office does not constitute an official withdrawal. An official withdrawal may be processed in person at any Enrollment Services Office, or via Mercy Connect.

Withdrawal from class(es) does not necessarily entitle a student to a refund of tuition and fees paid, or to a reversal of tuition charged. Refunds will be made in accordance with the refund schedule. The date of withdrawal will be the date the official withdrawal form is entered into the computer, not the last date of class attendance. Students who receive financial aid should contact a Enrollment Services counselor.

## REFUND SCHEDULE WITH OFFICIAL WITHDRAWAL

(Dates indicate the last day on which the official withdrawal may be processed)

# Immunization Requirements

**All students enrolling for six or more credits must be in full compliance with the New York State Immunization law, and will not be permitted to register for classes without proof of one MMR and submission of a completed meningitis form. The remaining documentation must be submitted within 30 days of the start of the semester. If the documentation is not submitted, the student will not be allowed to continue attending classes and will be dropped from his/her courses without refund (full tuition liability).**

There are several ways to comply with the immunization requirements:

## **MENINGOCOCCAL MENINGITIS**

The New York Public Health Law requires that colleges distribute information about Meningococcal Meningitis disease and vaccination to *all* students registered for six or more credits. Students are required to decide whether or not to be immunized for Meningitis and to submit a form that formally confirms their decision. A copy of the form is provided in this booklet. The completed form should be submitted to the Office of Student Services (it can be faxed to 914-674-7516 or if you prefer, submit the information electronically through Mercy Connect <https://www.mercy.edu/vaccine> Electronic submission of the meningitis form through Mercy Connect will be accepted as your signature.

## **MEASLES, MUMPS, AND RUBELLA (MMR)**

The New York Public Health Law requires that all college students born after December 31, 1956 who are taking six or more credits in a semester provide a certificate documenting immunity to measles, mumps, and rubella (MMR) before their first term of study.

### **Measles: Two doses are required.**

**1<sup>st</sup> Dose** administered after the age of 12 months.

**2<sup>nd</sup> Dose** administered more than 30 days after the first dose and after the age of 15 months.

In the alternative, the student can present medical proof of the disease or laboratory proof of immunity (student must submit a copy of the lab report).

### **Mumps: One Dose**

One dose administered after the age of 12 months or laboratory proof of immunity (student must submit a copy of the lab report).

### **Rubella: One Dose**

One dose administered after the age of 12 months or laboratory proof of immunity (student must submit a copy of the lab report).

The MMR combined vaccination fulfills the requirement for one dose of measles, one mumps, and one rubella immunization; **however**, a second measles vaccine, administered at least 30 days after the first dose, is required. Because the combined vaccine was not available in the United States before January 1, 1972, no MMR immunizations administered before that date are acceptable for US students.

For more information about immunization, please contact your doctor or the NYS Department of Health website at [www.health.state.ny.us](http://www.health.state.ny.us)

# Meningococcal Information

On July 22, 2003, Governor Pataki signed New York State Public Health Law (NYSPL) 2167 requiring colleges and universities to distribute information about meningococcal disease and vaccination to all students meeting the enrollment criteria, whether they live on or off campus. This law became effective on August 15, 2003.

## **What is meningococcal disease?**

Meningococcal disease is a severe bacterial infection of the bloodstream or meninges (a thin lining covering the brain and spinal cord) caused by the meningococcus germ.

## **Who gets meningococcal disease?**

Anyone can get meningococcal disease, but it is more common in infants and children. For some adolescents, such as first year college students living in dormitories, there is an increased risk of meningococcal disease. Every year in the United States approximately 2,500 people are infected and 300 die from the disease. Other persons at increased risk include household contacts of a person known to have had this disease, immunocompromised people, and people traveling to parts of the world where meningococcal meningitis is prevalent.

## **How is the meningococcus germ spread?**

The meningococcus germ is spread by direct close contact with nose or throat discharges of an infected person.

## **What are the symptoms?**

High fever, headache, vomiting, stiff neck and a rash are symptoms of meningococcal disease. The symptoms may appear 2 to 10 days after exposure, but usually within 5 days. Among people who develop meningococcal disease, 10-15% die, in spite of treatment with antibiotics. Of those who live, permanent brain damage, hearing loss, kidney failure, loss of arms or legs, or chronic nervous system problems can occur.

## **What is the treatment for meningococcal disease?**

Antibiotics, such as penicillin G or ceftriaxone, can be used to treat people with meningococcal disease.

## **Should people who have been in contact with a diagnosed case of meningococcal meningitis be treated?**

Only people who have been in close contact (household members, intimate contacts, health care personnel performing mouth-to-mouth resuscitation,

daycare center playmates, etc.) need to be considered for preventive treatment. Such people are usually advised to obtain a prescription for a special antibiotic (either rifampin, ciprofloxacin or ceftriaxone) from their physician. Casual contact, as might occur in a regular classroom, office or factory setting, is not usually significant enough to cause concern.

## **Is there a vaccine to prevent meningococcal meningitis?**

In February 2005 the CDC recommended a new vaccine, known as Menactra™ for use to prevent meningococcal disease in people 11-55 years of age.

The previously licensed version of this vaccine, Menomune™ is available for children 2-10 years old and adults older than 55 years. Both vaccines are 85% to 100% effective in preventing the 4 kinds of the meningococcus germ (types A, C, Y, W-135). These 4 types cause about 70% of the disease in the United States. Because the vaccines do not include type B, which accounts for about one-third of cases in adolescents, they do not prevent all cases of meningococcal disease.

## **Is the vaccine safe? Are there adverse side effects to the vaccine?**

Both vaccines are currently available and both are safe and effective vaccines. However, both vaccines may cause mild and infrequent side effects, such as redness and pain at the injection site lasting up to two days.

## **Who should get the meningococcal vaccine?**

The vaccine is recommended for all adolescents entering middle school (11-12 years old) and high school (15 years old), and all first year college students living in dormitories. However, the vaccine will benefit all teenagers and young adults in the United States. Also at increased risk are people with terminal complement deficiencies or asplenia, some laboratory workers and travelers to endemic areas of the world.

## **What is the duration of protection from the vaccine?**

Menomune™, the older vaccine, requires booster doses every 3 to 5 years. Although research is still pending, the new vaccine, Menactra™, will probably not require booster doses.

## **How do I get more information about meningococcal disease and vaccination?**

Contact your physician or your student health service. Additional information is also available on the websites of the New York State Department of Health, [www.health.state.ny.us](http://www.health.state.ny.us); the Centers for Disease

Control and Prevention [www.cdc.gov/ncidod/diseases/index.htm](http://www.cdc.gov/ncidod/diseases/index.htm); and the American College Health Association, [www.acha.org](http://www.acha.org)

## MERCY COLLEGE MENINGOCOCCAL MENINGITIS VACCINATION RESPONSE FORM

Mercy College is required to maintain a record of the following for each student:

1. A response to receipt of meningococcal disease and vaccine information signed by the student.
2. A record of meningococcal meningitis immunization within the past 10 years; or
3. An acknowledgement of meningococcal disease risks and refusal of the immunization signed by the student.

New York State Public Health Law requires that all college and university students enrolled for at least six (6) semester hours complete and return the following form to the Office of Student Services. Please check one:

**I have** (for students under the age of 18: **My child has**):

- had meningococcal meningitis immunization within the past 10 years.  
Date received: \_\_\_\_\_ (Please attach proof signed by a health care provider.)

[Note: If you (your child) received the meningococcal vaccine available before February 2005 called Menomune™, please note this vaccine's protection lasts for approximately 3 to 5 years. Revaccination with the new conjugate vaccine called Menactra™ should be considered within 3-5 years after receiving Menomune™.]

- read, or have had explained to me, the information regarding meningococcal meningitis disease. I understand the risks of not receiving the vaccine. I have decided that I (my child) will **not** obtain immunization against meningococcal meningitis disease.

**ELECTRONIC SUBMISSION OF THIS FORM THROUGH MERCY CONNECT WILL BE ACCEPTED AS YOUR SIGNATURE: <https://www.mercy.edu/vaccine> OR YOU CAN FAX THIS FORM TO THE OFFICE OF STUDENT SERVICES AT 914-674-7516**

On July 22, 2003, Governor Pataki signed New York State Public Health Law (NYSPL) 2167 requiring colleges and universities to distribute information about meningococcal disease and vaccination to all students meeting the enrollment criteria, whether they live on or off campus.

This law became effective on August 15, 2003.

# How to use this course schedule

## COURSE FORMATS

Mercy College offers classes in three basic formats, all with high standards of academic quality:

**“Classroom”** meaning in a traditional classroom, lab, or studio situation. Students can take classroom-based courses at any of one or more of our five convenient campuses in Dobbs Ferry, Bronx, Manhattan, White Plains, or Yorktown Heights. These courses form the majority of classes offered at Mercy College. A course marked as **“CLA”** in the course guide is a traditional classroom course.

**“Online”** meaning 100% delivered over the internet using web-based software and other supports. These courses are marked **“ONL”** in the course guide (“distance learning”). Online courses generally don’t meet at a particular time, rather students and faculty post messages and have conversations with each other in secure online environments at times that meet their own schedules. The academic expectations are the same as a classroom-based course. Mercy College has developed orientation materials for talking an online course: <https://www.mercy.edu/academics/mercy-online/student-resources/>

**“Blended”** meaning a combination of classroom-based meetings and online instruction using web-based software and other supports. These courses are marked **“BLD”** in the course guide (“blended”). This format brings the best benefits of being with the instructor in a classroom environment with the convenience and enhancements possible online. Courses will vary on the proportion of classroom and online components (between 20 to 80% each), but the academic expectations are the same. Mercy College has developed orientation materials for talking the online portions of a blended course: <https://www.mercy.edu/academics/mercy-online/student-resources/>
