MERCY
COLLEGE

FOR THOSE WITH A PASSION TO GET AHEAD

SUCCESS LIES IN THE PERSON...

If you have the enthusiasm, creativity and zeal toward bringing out the best in people and working to create a seamless organization, Mercy College's

MASTER OF SCIENCE IN HUMAN RESOURCE MANAGEMENT

is for you. The program arms you with the knowledge and skills you need to excel in a human resources leadership role.

Mercy College's program sets you on the path to success by providing the critical skills you need, including elements of management, psychology, law, statistics, computer applications and accounting — giving you a well-rounded experience and exposure to some of the many different facets of being a human resource manager. This real-world focus equips you to expertly manage a workplace. At Mercy College we give you the personalized attention, affordable tuition and flexible scheduling so that you can make your dream of being a human resources manager a reality.

OTHER HUMAN RESOURCE DEGREES...

If you are looking for a business degree with a human resources focus, but also a broader range of business skills, our

MBA WITH A HUMAN RESOURCE MANAGEMENT CONCENTRATION

is the place to go. The concentration allows you to study areas such as compensation management, employment law, recruitment, organizational change and more, as part of your MBA. This gives you the nation's premier business credential combined with the human resources expertise you want.
