MENTORS WHO’VE GOT YOUR BACK, ONLY AT MERCY COLLEGE

Mercy College understands that going to college isn't easy. It can be tough to juggle class registration, financial aid and career goals, especially when you have to balance a job, family responsibilities and everything else that is important to you. That's why Mercy built the nationally recognized PACT (Personal Achievement Contract) mentor program, which you can only find at Mercy College.

PACT mentors help you figure out the twists and turns of college. Your mentor is your single point of contact when it comes to everything you have questions about. Whether it's deadlines, financial aid, scheduling or life issues, trust your mentor to help you through. All you have to do is focus on your grades.

This is not just our promise, it's our PACT.

You're not doing it alone, we're in this TOGETHER!

Amanda Diaz, PACT Mentor
I chose to become a PACT mentor because of the impact that my mentor had on my success when I was a student at Mercy College. Now, I take pride in giving back to my students.

A PRIVATE COLLEGE THAT BUILDS YOUR CAREER — NOT YOUR DEBT

Mercy College provides one of the most affordable private college educations in New York State. In fact, the tuition here is 40 percent less than the national average and scholarships and financial aid are available, for those who qualify, to bring the cost down even lower.

Our students also have 41 percent less debt on average when they graduate. That means lower student loan payments, so you can spend your money to build a career, not debt. But it’s not just affordable. Mercy is one of the best investments in your future. With a nationally recognized educational and cultural experience, a degree from Mercy College is a valuable asset in any career field.

Proof that you really can get a higher education for a lower tuition, and it’s right here in the Bronx.

I wanted to go to a private, four-year college but they were all so expensive, except Mercy. I know I won’t still be paying for my education 20 years from now.
