I wish you all the best for a successful academic year.

Tim Hall
President
Founded in 1950 by the Sisters of Mercy for members of their order, Mercy College opened to the public as a women’s college in 1961. The College was accredited by the Middle States Commission on Higher Education in 1968. In the next half-decade, Mercy College boldly set a course for its future by declaring itself coeducational, non-sectarian and independent. In addition, it doubled the size of its existing physical footprint and initiated the first of many community outreach efforts that together changed the course of education in the New York area and influenced the lives of now more than 53,000 Mercy College alumni.

Mercy College’s innovative spirit soared in the 1970s when the College established multiple branch campuses and extension centers throughout New York City and Westchester County. This broadened the College’s reach to include new and more students, and it also positioned Mercy as a leader in higher education for those who were the first generation in their families to seek college degrees and for the adult student market.

Always looking to enhance academic and career opportunities for its students, Mercy College introduced graduate study programs with its first graduate degree program (in nursing) in 1981. Since then, Mercy has introduced 30 graduate programs across the five Schools, and in 2006, the College began offering its first doctoral program (in physical therapy). Over the years, Mercy College has become one of the New York metropolitan area’s leaders in preparing health care professionals, as well as a leader in teacher education preparation for the New York City school system and surrounding communities.

The College expanded with online programs in the late 1980s, and was soon granted the authority to offer entire degree programs online. Thousands of Mercy College students take one or all of their courses online through the more than 40 undergraduate and graduate programs offered.

Ever responsive to student expectations and growing workforce needs, the College has, in recent years, added new academic programs in areas including Corporate and Homeland Security, Cybersecurity, Computer Arts and Design, Exercise Science, International Relations and Diplomacy, and Sport Management.

In 2009, the College launched its innovative Personalized Achievement Contract (PACT) program, which pairs students with a highly trained professional mentor to provide them with personalized mentoring throughout their college experience. The PACT program has earned national recognition and is a model for fostering success and engagement across higher education.

Throughout its history, Mercy College has remained dedicated to its mission - to make available the transformational power of a college education. The College’s commitment to quality, student support and affordability - as well as innovation - remains as strong as ever. Today, Mercy is home to a diverse and vibrant student body. Students come from 34 states and 21 countries. The College has been named to the “most exciting schools” list (Cool Colleges Guide) and a Smart Choice Honors Program (Peterson’s).

OBJECTIVES
A core value of a Mercy College education is to provide students with opportunities to transform their lives through quality education. This value defines Mercy College and guides the growth and development of the institution. Many Mercy College students are the first in their families to earn a college degree. Others attend to complete a degree or to change and advance careers. Success for many Mercy College students requires adaption to a new learning environment or living away from home for the first time. For others, it requires balancing academic responsibilities while working or having family responsibilities. Therefore, the opportunities Mercy College strives to provide require multiple locations, online access, varied program options, affordable tuition, and seamless support services. The College encourages the
formation and ongoing programming of student groups which enrich campus life and enable students to form new bonds or friendships, and gain leadership experience. By addressing these issues, Mercy College enables students to meet their obligations, complete a challenging academic program, and be prepared for career success.

Mercy College’s undergraduate and graduate programs are relevant and rigorous. New programs are developed in response to strategic opportunities, student demand, and workforce needs.

The quality of academics at Mercy College is reflective of a highly credentialed faculty who have a passion for teaching, and who are committed to student success. Mercy College faculty members are experts in their fields and, while many engage in research or professional practice, their primary activity is teaching.

**DISCLAIMER**

The Student Handbook of Mercy College is prepared by the Division of Student Affairs in consultation with other College departments. It is a compilation of the services, policies, practices, and procedures that are available at the College. Please read it and become familiar with its content. Together with other major College publications, such as the Catalogs, it provides answers to many questions, informs students of their rights and responsibilities, and establishes the College’s expectations of its student community.

The College reserves the right to modify, change, or eliminate any policy, practice or procedure described in this guide and to promulgate new policies and procedures as needed or in response to changes in applicable laws and regulations. Such changes may be of any nature, including but not limited to, the modification or elimination of policies, procedures, activities, services or programs. Students will be advised of changes as practicable. By the act of enrolling at Mercy College, including registering for courses, attending classes, payment of tuition or fees, or participating in College activities, students consent to comply with the policies, procedures, and practices described in this publication and the College’s related rights. If you have any questions or need further clarification, please contact the Division of Student Affairs.
Mercy College is committed to ensuring equal treatment and opportunity in every aspect of its relations with its students, faculty, staff, applicants, and members of the larger community. This includes the admissions process, access to programs, privileges, activities and services, without regard to age, race, color, creed, religion, national origin, citizenship status, gender, sexual orientation, marital status, disability, or status as a military veteran, or for any other category recognized by local, state or federal law.

The College has designated the Title IX Coordinator and Equity Compliance Specialist, or a designee, as the officials who can provide information on, or handle complaints regarding discrimination, including but not limited to Title IX (prohibiting discrimination on the basis of sex), Title VI (prohibiting discrimination on the basis of all protected classes other than sex, including race and religion), and Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (prohibiting discrimination on the basis of disability).

**GENERAL STANDARDS OF CONDUCT**

Enforcement of the General Standards of Conduct for the Mercy College Community is part of the total educational process. It not only protects the academic community, but also assists the student in personal development. The function of the student conduct process is to promote student learning. Each student is obligated to become familiar with the College’s rules, regulations and policies, and will be held accountable for conduct in conformity to them.

This Handbook cannot include an exhaustive list of every type of conduct that could violate Mercy College standards, and therefore students are expected to understand that similar, comparable, analogous or related conduct is also incorporated into and addressed by the College’s policies. All of Mercy College’s policies governing conduct apply to conduct on campus, at Mercy facilities and at Mercy-related events or activities, whether on- or off-campus, including in online communities and via electronic communication. Behavior that violates these general standards of conduct, which is brought to the attention of a College official, will be referred through the judicial and grievance processes outlined in this Handbook.

Further, while the College and its faculty and staff do not monitor online communities and electronic communication — and the College does not forbid faculty, staff or students from joining and participating in online communities as individuals who are not acting as agents of the College — any behavior that violates these general standards of conduct, which is brought to the attention of a College official, will be treated as any other violation and will be referred through the disciplinary and grievance processes outlined in this Handbook.

**NOTICE OF NON-DISCRIMINATION**

Mercy College is committed to fostering a diverse community of outstanding faculty, staff, and students, as well as ensuring equal educational opportunity, employment, and access to services, programs, and activities, without regard to an individual’s race, color, national origin, religion, creed, age, disability, sex, gender identity, gender expression, transgendered status, sexual orientation, familial status, pregnancy, predisposing genetic characteristics, military status, domestic violence victim status, or criminal conviction. Employees, students, applicants or other members of the College community (including but not limited to contractors, vendors or visitors) may not be subjected to harassment that is prohibited by law, or treated adversely based upon a protected characteristic, or retaliated against for making a complaint regarding such adverse treatment.

The College is also committed to providing reasonable accommodations when appropriate to individuals with disabilities, individuals observing religious practices, and employees who have pregnancy or
childbirth-related medical conditions. Retaliation for reporting or opposing discrimination, cooperating with an investigation of a discrimination complaint, or requesting an accommodation is also prohibited.

Inquiries regarding the application of Title IX and other laws, regulations and policies prohibiting discrimination may be directed to Ana Gonzalez, Esq., Title IX Coordinator and Equity Compliance Specialist, agonzalez@mercy.edu, 914-674-7679.

ACADEMIC ADVISING

To assist students with planning a program of study that meets their individual needs and interests, academic advising is available to all students at Mercy College through the Office of Enrollment Services, the College Opportunity Program, and the PACT program. Ultimately, students are responsible for determining schedules and meeting degree requirements as outlined in the College Catalogs, but since Mercy College believes that student counselors and mentors can assist students making well-informed choices, students are strongly encouraged to meet with their counselor or mentor prior to registering each semester. Students are also encouraged to review their degree audit through Mercy Connect each semester to ensure they are meeting the degree requirements and are on track for timely graduation.

DIVISION OF STUDENT AFFAIRS

Student Affairs at Mercy College promotes student learning and holistic development by providing intentional opportunities for engagement outside the classroom. Through these programs and services, Mercy College supports students’ academic development, inspires personal growth, and fosters interpersonal connections and collaboration to prepare students for success in our diverse community and beyond.

The Division of Student Affairs main office is located at the Dobbs Ferry Campus in Main Hall, Rm. 235 and is open from 9 a.m. to 7 p.m. Monday through Thursday and 9 a.m. to 5 p.m. on Friday, except during official break periods and College holidays.

PACT PROGRAM

Mercy College believes in a student-first philosophy, which means individualized attention, uniquely tailored opportunities, and innovative educational programs. The Mercy College Personalized Achievement Contract (PACT) is a visionary program that exemplifies the College’s commitment to its students; programs are structured to be individualized, customized, integrated and focused for each student.

PACT students are provided professional mentors who facilitate integrated support for academic, career, and personal growth and whose sole purpose is to meet the interests, needs, and goals of the student. Each mentor is trained in the areas of academic advising, student life, financial aid, career preparation, and leadership skills. Together, students and their mentors create a customized plan designed to enhance the student’s overall long-term success.

From the start, PACT mentors contact accepted students and their families to assist with the enrollment process, including financial aid, course registration, housing, and other forms of assistance to foster a seamless transition to college. The mentor continues to form a close relationship with the student, serving
as the student’s point person for all aspects of campus life, from enrollment to employment, knowing the student’s story and taking personal advising to unprecedented levels. The customized plan and personalized guidance focuses on academic achievement, career readiness and placement, preparing each PACT student to be the best candidate for graduate school or the career of his choice.

Highlights of the Mercy College PACT Program include:

- An exceptional level of one-on-one engagement with Mercy PACT mentors who are cross-trained to guide students toward academic achievement, work-life skills, and a successful career trajectory;
- Multiple opportunities to hone workplace readiness through training in communication skills, public speaking, and leadership; and
- Structured guidance to and through college, preparing students to successfully navigate their entire college experience.

To learn more, call a PACT representative at 914-674-PACT (7228) or visit www.mercy.edu/pact.

STUDENT LIFE
The Office of Student Life serves as a catalyst for student growth, social connected and a sense of belonging. Programs are designed to enhance the educational process and provide a positive atmosphere on campus while meeting the varied needs of Mercy College students.

Mercy College student life staff implement late night & weekend programs, commuter activities, diversity programming, traditions and the various orientation programs. They also develop student leadership workshops and training sessions for students. Students interested in information about college extracurricular activities or interested in joining or forming a new club on campus should contact the Office of Student Life at studentlife@mercy.edu or 914-674-7543.

RESIDENTIAL LIFE
There are two residence halls on the Dobbs Ferry campus. Founders Hall serves over 300 students in a variety of room configurations including singles, doubles, triples and quads. Hudson Hall, which opened in January, 2016, is home to 350 students residing in 4 and 6 person suites. Hudson Hall also has a state of the art fitness Center, a Starbucks Café, a community lounge, quiet study lounge and meeting rooms that are open to all members of the Mercy College community. With the addition of Hudson Hall, the residential life program at Mercy has a robust on-campus population in addition to using area hotels that compliment a student’s residential experience while attending Mercy College. The Residential Life Program is designed to provide students with living facilities and activities that enhance and extend their formal classroom education. The program is structured to promote students’ social, cultural, personal and intellectual development. Living in College housing offers a structured environment in which students can live independently and develop a greater sense of personal identity within a community setting.

For further information, please contact the Residential Life Office at 914-674-7277 or email us at residentiallife@mercy.edu.

Resident Directors
The Resident Directors supervise the Resident Assistants and are very familiar with student needs and concerns in a community living environment. Students should feel free to speak with their Resident Director about any problems or concerns they have.
Resident Assistants
Resident Assistants are students living in the residential areas who serve on the Residential Life staff as resources to answer questions about the campus, explain and enforce college policies, sponsor floor and/or hall activities, and promote a sense of community on the floor and in the building. Resident Assistants complete an extensive training program and can help residents with many concerns, such as roommate conflicts and personal, social or academic problems.

Credit Hours and Academic Good Standing
Residential students must be registered as full-time students each semester. Residential students who do not attend class, who register for less than full-time status or withdraw from all classes, or who do not maintain minimum Satisfactory Academic Progress (SAP), as defined by the Department of Education and set out in the Undergraduate and Graduate Catalogues, may forfeit their right to remain in the Residential Life Program.

INTERCOLLEGIATE ATHLETICS

Team Name: Mavericks
Team Colors: Blue and White

The College’s athletics program serves as an integral component to student life at Mercy College. The College offers intercollegiate competition in men’s basketball, baseball, lacrosse and soccer. Women’s intercollegiate competition is offered in basketball, field hockey, lacrosse, soccer, softball, and volleyball. The College is a member of the East Coast Conference (ECC), Eastern College Athletic Conference (ECAC) and the National Collegiate Athletic Association (NCAA), Division II.

All full-time students in good academic standing are eligible to compete for varsity programs. Baseball, lacrosse, field hockey, and soccer are played at Mercy Field located at the Dobbs Ferry campus. Softball games are played on Smith Field in Dobbs Ferry. Volleyball is housed in Victory Gym and for the 2016-17 academic year men’s and women’s basketball will host their competition at an off campus venue to be announced.

The College provides opportunities for athletic participation and support for its athletic program consistent with the applicable rules and regulations as set forth by the NCAA. Freshmen who qualify under NCAA eligibility rules are immediately eligible for varsity participation, and transfer students are welcomed pursuant to NCAA regulations.

RECREATION

Both individual and group athletic activities are encouraged to make use of the varied athletic facilities at the Dobbs Ferry Campus, which include:

- Baseball field
- Fitness Center
- Gymnasium
- Outdoor basketball courts
- Outdoor handball courts
- Soccer/Lacrosse/Field Hockey turf field
- Softball diamond
- Tennis courts

A valid Mercy I.D. card is required to use these facilities. Use of any athletic facilities during the day or evening requires permission from the Intercollegiate Athletics & Recreation Department.

FEDERAL WORK STUDY PROGRAM

The Federal Work Study Program provides eligible students the opportunity to apply for on-campus or off-campus community service throughout their college years. The program is designed to give eligible students opportunities to gain practical experience working in an academic environment or community service organization throughout Westchester and the New York metro area.

Process for Application to the Federal Work Study Program

Students eligible to participate in the Federal Work Study Program need to have completed their FASA form and check to see if they are eligible on their financial aid letter. Students interested must register on Career Maverick where jobs will be posted in mid-August. Eligible students need to upload their resume
and work study application to Career Maverick. Once the student has an approved resume and application on Career Maverick, they will be able to apply to the Federal Work Study positions posted on Career Maverick—the on-line electronic job board. The hiring process is competitive and hiring managers will select and interview the candidate whose qualifications and work hours meet the requirements they are seeking for the positions.

The Federal Work Study program runs through the Academic year, beginning the first day of class in September and ending on the final day of class in May.

Mercy College has a limited number of student worker positions outside of the Federal Work Study Program and students are welcome to review the Career Maverick job board for positions posted there.

The link below gives an in-depth review of the program which is located and managed in the Office of Enrollment Services, Mercy Hall Room 25. You may email kfinneran@mercy.edu or call 914-674-3084 for additional information.

**FACULTY OFFICE HOURS**

Faculty office hours are available through each School or individual instructor. Students who wish to contact their faculty advisors can e-mail them or can make appointments by calling the faculty member’s school office.

**NEW STUDENT ORIENTATION**

Students entering Mercy College for the first time are invited to an orientation session held over the summer at their respective campuses. Separate orientation programs generally are planned for first-year, transfer, and international students. At New Student Orientation, students will meet the Orientation Leaders and PACT Mentors as well as staff and faculty members. New Students learn about services and opportunities that are vital elements for their transition into life at Mercy College.

**STUDENT IDENTIFICATION CARDS**

Mercy College student identification cards must be carried at all times on all Mercy College premises, including the Residential Areas. Lending an I.D. card to anyone or failing to present it when requested by College faculty or staff members is a violation of regulations and subjects the holder to disciplinary action. I.D. cards should be obtained by the first day of class of a student’s first semester from the Division of Student Affairs. The loss of a Mercy College I.D. card should be reported immediately to the Division of Student Affairs; a replacement fee of $10 is to be paid at the Office of Enrollment Services.

**CANCELLATION OF ON-CAMPUS CLASSES**

In the event that Mercy College campuses are closed or delayed due to inclement weather or other emergency, information will be communicated across the following channels:

- Email message to the College Community (@mercy.edu or @mercymavericks.edu email accounts)
- Facebook & Twitter
- Homepage of www.mercy.edu
- Mercy College Weather Hotline. Call (914) 674-7777 for a recorded message
• Homepage of Mercy Connect
• Local radio & TV stations

Students are encouraged to sign-up for emergency alerts through Mercy Connect.

In the case of a required absence by an instructor for illness or otherwise, the College will post a notice on the classroom door of each class cancelled by that instructor. On occasions when a faculty member is unavoidably delayed and no such notice is posted, students should wait at least one-half hour before leaving. In Dobbs Ferry, a representative of the class should then inform the Division of Student Affairs that the instructor has not appeared. On all other campuses, a representative of the class should inform the Office of Student Services of the instructor’s absence. In addition, the representative should provide the office with a list of all students in attendance at the class.

AUTOMOBILES

Students are expected to abide by the College Vehicle Use Policy and Parking Policy, available online. A campus-parking permit is required for all students who use Mercy College’s parking facilities at the Dobbs Ferry or Bronx Campuses. Parking permits may be obtained by commuting students through the Office of Enrollment Services at the Bronx and Dobbs Ferry campuses. Eligible residential students may obtain a parking permit through the Office of Security in Dobbs Ferry. Guests should obtain a temporary permit.

Residential Life students are required to park their vehicles in the lot designated as Residential Life parking. Students are not permitted to park their vehicles in the parking area outside of the Residential Life building. No residential freshmen are permitted to have a car.

Mercy College does not issue special parking permits for handicapped individuals, but will honor all official handicapped permits issued by state departments of motor vehicles and appropriately placed in the vehicle. Handicapped students must also acquire a regular Mercy College parking permit. Students with a temporary need for special parking (due to accident or injury) must secure a temporary handicapped permit from a local authorized agency and make appropriate arrangements with the Office of Campus Safety.

The College may from time to time impose changes to the Parking Policy depending on the needs of the campus. Please see the Office of Safety for notices regarding changes.

FOLLETT BOOKSTORES

Mercy College students can purchase textbooks, supplies, college apparel, alumni gifts, graduation regalia and snacks at the Campus Store. Textbook and course materials details and pricing information, for required and recommended items for each course, are available on the bookstore website.
CAMPUS E-MAIL AND INTRANET

Mercy Connect is the College’s online portal where students can register for classes, check e-mail, view grades, and find campus news and announcements. The student email domain is @mercymavericks.edu, and address is username@mercymavericks.edu. One of the features of the portal is that it offers single-sign-on for a variety of resources, so you do not need a separate password to access your email. Students may also auto-forward their @mercymavericks.edu email to their personal email accounts.

ELEVATORS

Handicapped accessible elevators are available. Check with the Division of Student Affairs for locations at the specific campuses.

FIRE ALARMS

In case of fire, pull the nearest alarm. This will activate an audible and/or visual alarm within the building, which dials directly into the College’s alarm central station monitoring facility. The fire department will be notified advising them of the fire location. When a fire alarm sounds, evacuate the building immediately. Walk – do not run, and do not use elevators. Close doors to classrooms and offices, leaving lights on, and exit from the nearest passable stairwell. Take your belongings with you. Do not try to fight the fire. Everyone who has exited the building should stay at least 100 feet away from building entrances, out of the roadways, until an “all clear” is announced by the fire department. Tampering with or misusing fire alarms, including sending a false alarm, is a criminal act, and a student may be subject to criminal prosecution as well as College discipline. Students who assist in this conduct or help conceal the identity of those who engage in this criminal conduct may also be subject to College discipline and criminal prosecution.

SMOKING POLICY

In accordance with New York State and New York City law and to protect the health of faculty, staff, students and visitors, smoking and tobacco chewing are prohibited inside all College buildings. Smoking on campus is only permitted outdoors at least twenty-five (25) feet away from any building.

VISITORS ON CAMPUS

Mercy College reserves the right to restrict visitors to the campus. All visitors to the campus and Mercy facilities must be prepared to provide identification when asked by College officials and must comply with College rules and regulations. Mercy College students and staff who have invited guests on campus generally will be held responsible for the conduct of their guests. Visitors under eighteen (18) must be accompanied by an adult at all times. Visitors may not attend any class without the prior approval of the course instructor.

RECORDING DEVICES IN CLASSES

No cameras, tape recorders, or other recording devices are permitted to be used in the classroom without the express consent of the instructor, or the student receives approval from the Office of ACCESSibility. See section on ACCESSibility services.
MATERIALS DISTRIBUTION AND POSTINGS

Permission to place posters and/or flyers anywhere on campus must be obtained from the Division of Student Affairs. The circulation of handbills by individuals must have similar approval. Items must not be obscene, discriminatory, disruptive or offensive to the Mercy College community. In addition, all approved materials of any type must be posted on appropriate bulletin boards. Posting on doors, glass, cinder blocks, painted or marble surfaces is not permitted.

All guests must be registered at all times and must comply with all Residential Life rules and regulations. Resident hosts are fully responsible for the actions of their guests and will be held accountable for any inappropriate behavior a guest may exhibit while in any Residential Area or on campus. The Residence Life staff may have a guest removed from the Residential Area immediately for failing to meet this expectation.

Residents must abide the following visitation procedures:

a. Guests must be signed in at the front desk of all residence halls beginning at 8:00 p.m., Sunday-Thursday nights or 1:00 a.m. on Friday and Saturday nights. If a guest has entered a residential area prior to 8:00 p.m. and will remain in the area after 8:00 p.m. it is the responsibility of the resident to escort his/her guest to the front desk to sign in. All guests need to leave the residence halls and hotels by 11:00 p.m., Sunday-Thursday nights or 1:00 a.m. on Friday and Saturday nights. A guest is anyone who is not a resident of that particular hotel or residence hall.

b. A resident may sign in no more than one (1) guest at a time from 8:00 p.m.-1:00 a.m. on Friday and Saturday nights, unless prior approval is obtained from Residential Life Staff. c. A resident may sign in no more than one (1) overnight guest at a time. An overnight visit is defined as a stay which includes any of the hours between 1:00 a.m. and 8:00 a.m. on a Friday or Saturday night. Overnight guests are only permitted on Friday and Saturday nights and with prior approval from the resident’s roommate, if any, and either a Resident Advisor or Resident Director.

In the event that a student’s actions damage a water pipe or release water, the student will be held responsible for the repair of the system and any consequent damage.

Fire Drills
College policy and New York State law require the College to conduct a number of fire drills in the Residence Hall each semester. It is a violation of both State law and College policy to remain in the building during a fire drill. Any time the alarm sounds, students and any guests must leave the building immediately, closing any doors behind them, and following the specified evacuation route.

Failure to vacate the building when the fire alarm sounds is a violation of the residential life rules that may subject students to discipline.

Fires and Building Evacuation
Resident Assistants will instruct students on proper evacuation procedures at the first floor meeting of the year. Students are encouraged to ask questions at any time if any procedure seems unclear. When evacuating the building, whether during a fire drill or otherwise, residents are reminded to use the stairways only. Do not use the elevators. Students should evacuate the building through the nearest exit. If flame or smoke is blocking the nearest exit, residents should be aware of the next available exit.

Exit the building completely; do not remain in the lobby. Move across the entrance path and wait on the lawn until the Fire Department has inspected the building and approves reentry to the building. Residents should be aware that the Dobbs Ferry Fire Department responds to all fire alarms and therefore fire lanes and the front of the entrance should remain clear at all times to provide the Fire Department with easy access to the building. The fire alarm sounds at the Dobbs Ferry Fire Department at the same time as the building alarm. Therefore, if everyone leaves the building immediately, the occupants should be out of the building before the Fire Department arrives at the scene.

In order to mitigate the risk of fire, students are prohibited from having the following items in their rooms: electric blankets, space heaters, sun and heat lamps, coffee pot, heating coils, halogen bulbs, halogen lamps, candles, incense, or incense paraphernalia, potpourri burners, charcoal grills, or any other open-flame devices. Prohibited items will be confiscated and students caught with such items will be subject to discipline.
Starting a fire is a violation of College policy and State law and will subject a student to discipline. The College will cooperate with local law enforcement authorities with respect to the investigation and prosecution of any such crime.

Violations of the Fire Safety policy include, but are not limited to, the following behaviors by students:

**Activation of Fire Alarm – due to smoking in room or use of prohibited item:**
- **First Offense** - $100.00 fine and completion of a fire education safety paper
- **Second Offense** - $200.00 fine and Residence Probation
- **Third Offense** - $300.00 fine and removal from housing

**Tampering Fire Safety Equipment or Alarms includes covering smoke detectors:**
- **First Offense** - $100.00 fine and completion of a fire education safety paper
- **Second Offense** - $200.00 fine and Residence Probation
- **Third Offense** - $300.00 fine and removal from housing

**Fire Alarms – Failure and/or Refusal to Immediately Evacuate from Buildings:**
- **First Offense** - $100.00 fine
- **Second Offense** - $200 fine and Residence Probation
- **Third Offense** - $300.00 fine and removal from housing

**Activation of Fire Alarm – due to intentional misuse:**
- **First Offense** - $300.00 fine and Residence Probation
- **Second Offense** - $500.00 fine and removal from housing

**SANCTIONS FOR CODE OF CONDUCT VIOLATIONS**

The College may impose the sanctions listed below individually or in combination based on the conduct involved upon any student found through the Judicial Process to have violated a College rule. In imposing a sanction, the College may take into account the disciplinary record of the student and related factors that aggravate or mitigate the circumstances.

1. **Warning** – Verbal or written notification to the student that continuation or repetition of conduct found wrongful may be cause for more severe disciplinary action.

2. **Censure** – Written reprimand for violation of specified regulations, including the possibility of more severe disciplinary sanction in the event of conviction for violation of any College regulation within a period of time stated in the letter of reprimand.

3. **Fines** – A sum of money to be paid by the defendant to the College or another specified person or body. Failure to pay fines may result in the denial of a final grade report, denial of registration for the subsequent semester (summer session included), and denial of diploma or transcript. See the Illegal Drug and Alcohol Policy regarding fines for violations under that Policy.

4. **Restitution** – Reimbursement for damage to or for misappropriation of property. This may take the form of appropriate services and/or actual compensation.

5. **Disciplinary Probation** – Written statement of restrictions on a student’s participation in College
activities which may remain in effect for the period of time specified by the College. In addition to the provision that the probationer shall be guilty of no further violation of the spirit or letter of the rules, regulations, or conduct expectations of the College, the category of disciplinary probation may include one, several, or all of the following provisions:

a. Ineligibility for election to any honor society during the period of probation, ineligibility to hold office therein, and resignation from such society or societies.

b. Ineligibility for nomination or election to student office — including office in any student organization during the period of probation; ineligibility to hold such office, and, if already holding such office, resignation.

c. Ineligibility to participate in student activities.

d. Required participation in a community work project or other activities to satisfy such other stipulations as may be imposed, such as appropriate training (online or otherwise).

6. Suspension – Exclusion from class and revocation of other privileges or activities as set forth in the notice of suspension for a specified period of time. Students who are suspended are responsible for all institutional charges incurred and must reapply to return to the College.

7. Suspension from the Residential Area – Requires that a residential student temporarily be removed from the Residential Area for an assigned period; temporary housing must be secured without the assistance of any College department.

8. Suspension of Privileges – Specific privileges, such as guest privileges for residential students or network privileges for violations of the IT Acceptable Use policy, are revoked for an assigned period of time.

9. De-recognition of a student club or organization - the conditions of re-establishment, if determinable, shall be stated in the order of de-recognition.

10. Separation from the Residential Area – Requires that a residential student and all belongings be permanently removed from the Residential Area; new housing accommodations must be secured without the assistance of any College department. In certain cases, the Assistant Dean of Student Affairs may ban the student from reentering any Residential Area at any time.

11. Expulsion – Termination of student from student status for an indefinite period. The conditions of readmission, if then determinable, shall be stated in the order of expulsion. Students who are expelled are responsible for all institutional charges incurred.

12. Other – Other sanctions as may be imposed by the College instead of or in addition to those specified above to achieve an appropriate result, including but not limited to, requirements for counseling, psychological or medical evaluation, participation in a program to educate a student about certain types of conduct, or community service.
STUDENT JUDICIAL PROCESS

The College has developed procedures that it follows to investigate potential violations of its policies by students, to adjudicate any such violations, and to impose sanctions for those violations found to have occurred. These procedures also set forth how students can appeal decisions of the College on disciplinary matters. Mercy reserves the right to adapt its procedures based on the circumstances of an individual case. In addition, the College may use the Judicial Process to investigate and sanction alleged conduct of any nature, including but not limited to conduct that is similar, comparable or analogous to conduct that is specifically prohibited by the College’s rules.

The Judicial Process set forth below addresses violations of the College’s non-academic policies, including but not limited to the Student Code of Conduct, and Code of Conduct for Residential Students. The grievance procedure that applies to academic matters is set forth separately in this Handbook. When a violation raises both academic and non-academic issues, the determination about which College procedure shall apply will be made by the College, upon notice to the student, but in the College’s sole discretion.

Student, faculty or staff members of the College who believe that they have been subjected to, or have knowledge of, any acts by a student that are in violation of College policies are encouraged to inform the Office of the Dean of Student Affairs. The College may conduct an investigation to determine whether the charges have merit and/or to determine whether they can be resolved on an informal basis.

For cases involving allegations of sexual assault, sexual harassment, stalking, or gender-based harassment, the College’s Policy on Sexual Misconduct shall apply with regard to investigations and discipline of accused students. In such case, a complaint can be made to the Title IX Coordinator or the Dean of Student Affairs. The College may pursue a violation under the College’s Code of Conduct even where civil or criminal proceedings are underway. Regardless of whether another action is pending, or if a student fails to cooperate with or participate in the Judicial Process, the College may proceed with the Judicial Process, reach a determination as to whether a violation occurred, and impose sanctions.
The steps in the Judicial Process are as follows:

I. For Cases in Which a Student May Be Subject to a Fine, Restitution, Warning, Censure, No-Contact Order, Probation, Training or Community Service.

   In matters in which a student is alleged to have violated a College policy and the penalty to be imposed against the student is a fine, restitution, warning, censure, no-contact order, probation, training, and/or community service, the Office of Dean of Student Affairs shall send the student a letter via email and mail informing the student of the allegations and the penalty to be imposed. If the student agrees to the sanction, then the matter will be closed. If the student wishes to appeal the matter, see section 4 below.

II. Process for Cases in Which a Student May Be Subject to Suspension, Expulsion, Removal from Housing, or a Substantial Limitation of Student Privileges.

   For cases in which a student is alleged to have violated College rules and whose conduct may subject the student to suspension, expulsion, removal from housing or a substantial limitation of student privileges, the following process shall apply:

   1) The student shall receive notification in writing via email and mail informing the student of the allegations against him/her and the proposed sanction.

   2) The student can accept the penalty imposed and the matter will be closed.

   3) If the student disputes either the facts or believes that the penalty is not appropriate, the student can request a meeting with the Office of the Dean of Student Affairs.

   4) The Dean of Student Affairs or his/her designee (“Fact Finder”) shall meet with the accused student, who may submit documents or other information in support of his or her explanation. An adviser or supporter who is not an attorney may accompany the student and act in an advisory capacity. The student may also provide names of relevant witnesses. The Fact Finder will thereafter conduct an investigation, which may include gathering additional information, conduct other interviews, and consider any other relevant information.

   5) The rules of evidence that are applicable in civil or criminal cases are not applicable to this Process and the standard of proof shall be preponderance of the evidence (that is, whether there is a good faith belief that it is more likely than not that the conduct occurred.)

   6) The Fact Finder shall, at the conclusion of the investigation, inform the accused student and the complainant (if applicable) of the determination in writing via email and mail. Such notice shall contain a brief statement of the factual findings and the sanction to be imposed. The investigation and issuance of findings should not exceed thirty (30) days expect where a reasonable delay is justified by the College for various reasons, including delay in gathering the facts. Notice of any delay shall be provided to the accused and complaint (if applicable).

III. Interim Suspension or Other Measures

   The College may, in its discretion, suspend a student or take other interim measures pending the outcome of the Judicial Process or external legal proceedings or as the College otherwise deems appropriate under the circumstances. If the College institutes an interim suspension or other interim measures, the College must inform the accused student in writing via email and mail. The student can appeal the interim suspension or measure to the Office of the Dean of Student Affairs, whose decision shall be final.
IV. Appeals

1) Cases in Which a Student May Be Subject to a Fine, Restitution, Warning, Censure, No-Contact Order, Probation, Training or Community Service.

If the student wishes to appeal the imposed sanction, either because he/she disputes the facts or believes that the penalty is not appropriate, the student can request a meeting with the Office of the Dean of Student Affairs. The Dean of Student Affairs or his/her designee shall meet with the student within a reasonable time of the request and permit the student to present his/her side of the story and provide any relevant documentation or evidence to dispute the allegations or affect the penalty. The Dean of Student Affairs will then make a determination within ten (10) days of the meeting either to uphold the determination, or to amend the findings and/or sanction. The Dean of Student Affairs’ decision in these cases shall be final.

2) Cases in Which a Student May Be Subject to Suspension, Expulsion, Removal from Housing, or a Substantial Limitation of Student Privileges.

When a student is found to have violated a College policy or rule and the sanction that is imposed is suspension, expulsion, removal from housing or a Substantial Limitation of Student Privileges, the student may appeal the determination and/or sanction.

An appeal should be filed with the Office Dean of Student Affairs within seven (7) days of the appellant’s receipt of the Office of the Dean of Student Affairs’ determination. The appeal must state the basis for the appeal, including whether the student believes that appropriate procedures were not followed or that the sanction is excessive. If the student believes that new information that was not previously available should be considered, the evidence should be detailed in writing in the request for an appeal.

The appeal panel will consist of three (3) faculty and/or staff members (at least one of which must be a faculty member), chosen on an annual basis by the Chief Student Affairs Officer and the Provost, one of which shall be named the chairperson upon mutual decision of the Chief Student Affairs Officer and Provost. In the event of a vacancy, a replacement for the balance of the academic year will be appointed by the Provost and Chief Student Affairs Officer upon mutual approval.

The appeal ordinarily will be determined based on the application submitted by the student, any new evidence included in that submission, and the record before the Fact Finder; however, the appeal panel may seek additional information or clarification from any source as it deems appropriate. The appeal panel may consider whether the procedures followed by the Fact Finder was appropriate and fair, whether there is any credible evidence of bias on the part of the Fact Finder, whether there was sufficient evidence to support the finding reached by the Fact Finder, and whether the sanction is plainly excessive. The appeal panel may not substitute its judgment regarding the credibility of witnesses who testified before the Fact Finder. The appeal panel can decide to sustain, modify or reverse the previous determination and/or the sanction in whole or in part. The appeal panel can also refer the matter back to the Fact Finder for further consideration. There is no right to appeal a decision of the appeal panel.

V. Misuse of Disciplinary Process or Grievance Process

A student who files a false and malicious complaint or grievance with knowledge that it is false and malicious intent or a student who provides false testimony, with knowledge that it is false may be subject to discipline for abuse of the College’s process and violation of College standards of conduct.
APPENDIX
Policies

I. ACADEMIC

ACADEMIC INTEGRITY POLICY
Students are expected to submit their own work for all course assignments. Academic integrity is of particular importance in the Mercy learning environment. For all data, texts, or other information reported, quoted, or otherwise used in student work, the sources from which the data, texts, or other information were obtained (including, but not limited to, persons, books, and articles) must be cited. Without appropriate citation, the use of such data, texts, or other information is considered plagiarism and has serious consequences. These consequences include, but are not limited to, a failing grade for the assignment or course, as well as possible expulsion from the College.

All materials entered in public conferences and communication with College personnel should adhere to standards of civility. Any communication that embarrasses, harasses, or causes concern will be referred to the appropriate School Dean.

CHEATING AND PLAGIARISM
Cheating and plagiarism are contrary to the purpose of any educational institution and will be dealt with severely. An instructor who determines that a student has cheated on a test or assignment will at a minimum give a zero for that item and may give a failing grade for the course. Normally, the matter is handled between the instructor and the student, but the department chairperson and other school officials may be consulted by either party to ensure fairness.

Plagiarism, which is the appropriation of words or ideas of another without recognition of the source, is another form of cheating. An instructor who determines that a student has plagiarized will give a zero for the paper or project and may give a failing grade for the course.

Both cheating and plagiarism are grounds for dismissal from the College.

Mercy College subscribes to SafeAssign, an online service that checks for plagiarism. Students who have been found guilty of plagiarism will be reported to the appropriate academic unit head and the School Dean.

Students acting in contravention of this Code of Academic Integrity and Acceptable Academic Conduct will be subject to discipline in accordance with the Academic Appeals Process and/or the Student Judicial Process described in this Handbook.

EXCEPTION TO REGISTRATION AND REFUND POLICIES
Mercy College is committed to providing motivated students with the opportunity to succeed in the classroom. The College recognizes that there may be extraordinary circumstances under which attendance in class is rendered impossible, or which severely hinder a student's ability to successfully meet the requirements of their course of study. For these reasons, the College has instituted the following Exception Policy, in that students with the following extraordinary circumstances may be eligible to request an exception to the registration and refund policies:

Active Military Service — This applies to any student required to discontinue attendance of classes due to military service. The student must fill out the Special Considerations Form, and provide a copy of the
orders to report to active duty to the Vice President of Enrollment Services, or her/his designee. A decision regarding an exception to the registration and/or refund policy will be provided to the student within five business days.

Health Related - This applies to a student who has a serious physical or mental health condition which affects her or his ability to successfully meet the requirements of their course of study. In order for a request for partial or full refund and/or exception to the withdrawal policy to be considered due to health-related reasons, the following steps must be taken:

The student (or someone authorized on behalf of the student) must submit a request to the student's PACT, COP or Enrollment Services mentor within two weeks of when the health related incident occurred or prior to the end of the semester for which the student is requesting a refund/exception to the withdrawal policy, whichever is earlier.

The request shall include the following documents:

1) A completed Special Considerations Form, which can be found on Mercy Connect or at the Office of Enrollment Services;
2) A letter explaining the health related issues; and
3) Medical Records, as well as any other relevant documentation.

After submission of all required documents, the PACT, COP or Enrollment Services mentor shall forward the completed package as soon as practicable to the Vice President of Enrollment Services, who will forward the package to the Committee for Special Consideration. The Committee for Special Consideration, which shall be comprised of a member of the Offices of the Provost, Student Affairs and Health and Wellness, shall review the case and make a recommendation within ten (10) business days of submission of all required documentation to the Vice President for Enrollment Services or her/his designee, who shall render a decision on the matter within five business days. The decision of the Vice President for Enrollment Services or her/his designee shall be final.

Note that requests pursuant to the Exception to the Registration and Refund Policies are not routinely granted, and that the expectation of a low or failing grade is not an acceptable reason for the Committee and/or Vice President for Enrollment Services to consider a withdrawal from a course. The instructor will be asked by the Committee to indicate on a Course Withdrawal Evaluation Form what the student's level of performance in the course has been up to their last date of attendance.

If a refund or registration exception is granted for health-related reasons, the student shall not return to the College until medical clearance is provided by a treating physician, which shall be evaluated by the College's Director of Health and Wellness. The Director will then make a recommendation to the Vice President for Enrollment Services, or her/his designee, for the determination whether the student is fit to return, which determination shall be final.

If a student is granted an exception for tuition for any of the reasons above, the student will not receive a refund, but will be able to apply these funds towards future terms of study at Mercy College. The student will be credited an amount deemed appropriate by the Vice President for Enrollment Services and shall be for tuition only; fees are non-creditable, non-refundable and non-negotiable. Room and Board charges do not qualify under this policy. Please see the policy for housing refund outlined in the student's Housing Contract or contact the Dean of Student Affairs. Cases where a student has federal and/or state financial aid or grants will be dealt with as appropriate by the Vice President for Enrollment Services within the mandates of the respective authority.

For registration requests, the Vice President for Enrollment Services (in consultation with the relevant College personnel) will determine the appropriate exception that will be granted on behalf of a student depending on the student's particular circumstances.
ACADEMIC APPEALS POLICY

The purpose of the Academic Appeals Policy is to provide a process for the equitable resolution of formal complaints made by a student, faculty member or administrator over academic issues including grade disputes, cheating, plagiarism, and the application of academic policies, except for dismissal review. The following steps constitute the process, before proceeding to a higher-level step, all lower-level steps must first be completed and documented in some form. The college continues to recommend and encourage the informal resolution of complaints, believing that effective communication is also part of the educational process. To the extent that a faculty member, academic unit head or dean are unavailable, a designee may be appointed for purposes of resolving such issues in a timely manner.

**Step One: Faculty**
At this step the process remains informal. Within four weeks of the end of the semester, term, or quarter (the academic period) in which the disputed matter occurred, the student and faculty member must meet in person or by phone to discuss the issue. After the meeting, the faculty member must make a decision within one week and communicate it in writing to the student. If the student is dissatisfied with the outcome of this meeting, a formal written appeal must be submitted by the student to the relevant academic unit head.

**Step Two: Academic Unit Head**
Any formal written appeal of the decision in Step One must be filed with the academic unit head no later than six weeks after the end of the academic period in which the issue of the appeal occurred. Within two weeks of receipt of the formal written appeal, the academic unit head will, depending on the situation, meet separately or jointly with the student and faculty member involved. Meetings may be in person or via telephone. During these meetings each party will submit all information and supporting documentation to the academic unit head; a written decision should be sent to both parties within two weeks of the meeting. If the faculty member involved is also the academic unit head, the parties may agree to allow another faculty member in the department to review the appeal or proceed directly to Step Three.

**Step Three: School Dean**
Within one week of the decision in Step Two, an appeal may be made in writing by the student to the relevant school dean. The school dean will, depending on the situation, meet separately or jointly with the student and faculty member, and, as necessary, the academic unit head involved within two weeks of receipt of the formal written appeal. Meetings should be in person, to the extent practicable. The school dean will review the written appeal and previous actions on the appeal, along with any additional information and substantiation submitted by each party, and will render a decision in writing to all parties within two weeks of the meeting.

**Step Four: Academic Appeals Committee**
In the event that the issue has not been satisfactorily resolved in Steps One, Two or Three, a final appeal may be made to the Academic Appeals Committee. Such appeal must be made in writing to the Committee, to the attention of the Associate Provost, within four weeks of the decision by the school dean. Appeals should be accompanied by any substantiating documentation. The Academic Appeals Committee will hold a meeting as described below, and shall render a decision in writing to both parties within two weeks of the conclusion of the meeting.

The Undergraduate Academic Appeals Committee may consist of representatives from the Office of the Provost, the administration and the undergraduate student body. The chair of the Committee is the Associate Provost. The Committee meets at regular intervals.
The Graduate Academic Appeals Committee may consist of representatives from the Office of the Provost, the faculty, the administration, and the graduate student body. The chair of the Committee is the Associate Provost. The Committee meets at regular intervals.

All parties to the appeal will be permitted to participate in the meeting with the Committee. The student may be accompanied by one person who is not professional legal counsel. The Committee will hear from both parties and may call on any witnesses to the matter and review any supplementary documentation. The Committee may ask questions throughout the meeting and may, if necessary, adjourn the meeting to obtain additional information. The Committee will review whether it is more likely than not that the alleged conduct occurred. In the case of a grade dispute, the Committee does not have the authority to make a grade change; rather, the Committee will review whether it appears the original grade was fairly awarded.

The decision rendered by the Academic Appeals Committee is final; no additional appeals will be permitted.

II. NON-ACADEMIC POLICIES

POLICY ON THE ACCEPTABLE USE OF COLLEGE INFORMATION TECHNOLOGY RESOURCES
Mercy College offers its Information Technology (IT) resources and services to assist members of the College community to achieve their educational goals. Use of these resources in a way that interferes with these goals is impermissible and will subject the offender to discipline in accordance with the disciplinary procedures set forth below. All Mercy College students are expected to comply with all local, state, federal and international laws regarding IT use, including, but not limited to, those dealing with copyright and intellectual property, and with all software license agreements acquired by the College.

Abuse of telecommunications (telephone, email, internet, television) and information services will not be tolerated and may result in appropriate disciplinary action. Students are expected to comply with all relevant laws and College policies which govern access to and use of these services.

Students who identify themselves as a student of the College, whether explicitly or impliedly or a member of a College organization (e.g. a club or athletic team) on the internet or through electronic social networks (e.g. Facebook, Myspace, LinkedIn, Twitter, YouTube and blogs) assume the responsibility for the content posted. Any such behavior that violates these general standards of conduct, which is brought to the attention of a College official, will be treated as any other violation and will be referred through the disciplinary and grievance processes outlined in this Handbook.

The following uses of College IT resources are prohibited:

a. Giving unauthorized access to electronic records, files or systems maintained by the College, including the records, files or systems of members of the faculty, staff or students;

b. Unauthorized entry into a file for any purpose, including using a file, reading a file, changing its contents;

c. Using someone else’s ID or password;

d. Using or attempting to use an unauthorized account;
e. Unauthorized transfer of a file;

f. Downloading and sharing protected material, including songs, movies, games and other computer programs through means including Peer-to-Peer (P2P) file sharing applications that are used to connect you directly to another person’s computer in order to transfer files between the two computers. P2P file sharing applications include, but are not limited to, Kazaa, iMesh, LimeWire, Gnutella, Azureus, Frostwire, Poisoned, Shareaza, BitTorrent, uTorrent, and Vuze;

g. Disguising or attempting to disguise the identity of a College computer or system being used;

h. Initiating or participating in chain letters, spam, floods and other unauthorized mass mailings;

i. Running or installing computer viruses, Trojan Horses, worms or any other program that damages, exposes or excessively taxes any IT resource;

j. Using any College IT resource or communication service, including e-mail, to harass or intimidate others, to interfere with the work of another, to send obscene or abusive messages, or to create a hostile work and/ or educational environment; and

k. Engaging in conduct that intentionally interferes with or degrades network security performance.

l. Unauthorized browsing of sexually explicit websites using College IT resources;

**AMNESTY POLICY FOR DRUG/ALCOHOL USE**

**I. Background**
The Mercy College Drug/Alcohol Use Amnesty Policy has two principal purposes. First, it is intended to encourage students to seek medical assistance related to drug and/or alcohol use without fear of being disciplined for such use. Because the use of drugs or alcohol may be life-threatening, Mercy wishes to reduce barriers to seeking and receiving medical help in those situations. Second, Mercy wishes to encourage students under the influence of drugs and/or alcohol who may be the victims of, witnesses to, or otherwise become aware of violence (including but not limited to domestic violence, dating violence, stalking, or sexual assault) or sexual harassment or gender-based harassment to report that violence or harassment. Toward that end, Mercy’s Policy is that students who seek medical assistance either for themselves or others and/or are reporting violence or harassment will not be subject to discipline under the circumstances described below.

**II. Seeking Medical Assistance**
Students who in good faith call for medical assistance for themselves or others and/or who receive medical assistance as a result of a call will not be disciplined for the use of drugs or consumption of alcohol (either if underage or if consumed on Mercy College property (including residence halls and off-campus hotels)) as long as there are no other violations that ordinarily would subject the student to disciplinary action. Similarly, students who may be the victims of, witnesses to, or otherwise become aware of violence or sexual harassment or gender-based harassment and who report such violence or harassment will not be disciplined for the consumption of alcohol or drugs in the absence of other violations that ordinarily would subject the student to disciplinary action. Other violations that would invoke discipline include but are not limited to (i) unlawful distribution of alcohol or drugs; (ii) sexual misconduct, as defined in Mercy’s Policy and Procedures Relating to Sexual Misconduct; (iii) causing or threatening physical harm; (iv) causing damage to property; and (v) hazing.
III. Counseling and other Services
The students involved will be referred to counseling services, either at Mercy College or other local services, as set forth in the Student Handbook. If incidents of alcohol or drug use are severe and/or repeated, there may be issues of medical concern, which may result in parental notification, withdrawal from classes, and/or other non-disciplinary responses.

IV. Implementation of Laws
Mercy’s Policy is intended both to implement Article 129-B of the Education Law (which mandates drug and alcohol amnesty for reporters of violence) and to complement New York State’s Good Samaritan Law, which is designed to encourage individuals to call 911 in the event of an alcohol or drug-related emergency. Generally, the Good Samaritan Law protects persons who witness or suffer from a medical emergency involving drugs or alcohol from being arrested or prosecuted for drug or underage alcohol possession after they call 911. It does not protect against arrest or prosecution for other offenses, such as the sale of drugs.

POLICY STATEMENT REGARDING BIAS–RELATED CRIMES
Bias-related crimes and incidents, commonly referred to as “hate crimes,” will not be tolerated at Mercy College.

Bias-related conduct is prohibited by laws that include, but are not limited to, Title VI and Title VII of the Civil Rights Act of 1964; the Civil Rights Restoration Act of 1988; and the New York State and New York City Human Rights Laws NYS Education Law??

Under the Higher Education Opportunity Act (HEOA) (Public Law 110-315), a hate crime is a criminal offense committed against a person or property which is motivated, in whole or in part, by the offender’s bias. Bias is a preformed negative opinion or attitude toward a group of persons based on their race, gender, religion, disability, sexual orientation or ethnicity/national origin.

A bias-related crime occurs under the New York State Hate Crimes Act of 2000 (New York State Penal Code § 485.05) when a person commits a specified criminal offense and:

1. intentionally selects the person against whom the offense is committed or intended to be committed in whole or in substantial part because of a belief or perception regarding race, color, national origin, ancestry, gender, religion, religious practice, age, disability or sexual orientation of a person, regardless of whether the belief or perception is correct; or

2. intentionally commits the criminal act or acts constituting the offense in whole or in substantial part because of a belief or perception regarding the race, color, national origin, ancestry, gender, religion, religious practice, age, disability or sexual orientation of a person, regardless of whether the belief or perception is correct.

It is the responsibility of all members of the Mercy College community to report bias-related incidents or crimes. Victims of a bias-related incident or witnesses to such an incident should report the incident promptly to the Office of Campus Safety, the Assistant Dean of Student Affairs, or any other College official. Even if an individual does not want to pursue a complaint, the College should be notified of bias-related offenses. If the College becomes aware of an allegation of bias-related crime, it may elect to take disciplinary action even in the absence of a formal complaint from the victim. Reporting a bias-related crime to the College does not prevent an individual from pursuing other legal remedies, and the College will, if requested, assist the individual with a report to the police.
Counseling and referral resources for victims of bias-related crimes are available at the following College offices: Division of Student Affairs, Counseling, Safety, or Residential Life. These offices can also put victims of bias-related crime in contact with other agencies that are trained to provide counseling and support.

POLICY ON EMOTIONAL SUPPORT ANIMALS

I. Policy Statement
Mercy College is committed to complying with federal laws. Each request is evaluated on a case by case basis, subject to full review by Mercy College. While legal rights are afforded to individuals with Emotional Support Animal accommodations, the individual has the responsibility to ensure the animal behaves appropriately, and adheres to community standards. This Policy addresses the standards expected of both the individual and the animal.

II. Definitions
Emotional Support Animal. Emotional Support Animals (ESAs) are animals that provide emotional support to alleviate one or more identified effects of an individual’s existing disability. To be considered an accommodation, an ESA must be required by an individual with a disability, in their residence, in order for the individual to have an equal opportunity to use and enjoy their residence. Dangerous, poisonous, illegal, or any other animals that pose a direct threat to the health and/or safety of the campus community will not be permitted as ESAs. Size restrictions may also apply. Animals whose sole function is to provide comfort or emotional support are Emotional Support Animals, not Service Animals.
Owner. The student responsible for all aspects of the ESA’s stay at the College.
Current. Not older than 12 months.

III. Guidelines

A. Registration Required
All ESAs must be registered with the Office of ACCESSibility. Registration should be completed at least two months prior to the start of the semester in order to allow adequate time to evaluate the accommodation. The student will be required to complete an Application for Accommodations and submit documentation supporting the need for the accommodation. Upon receipt of these documents, the Office of ACCESSibility will contact the student within one week of receipt of the documentation to discuss the request.

Roommate Approval.
If a roommate is assigned to reside with an Owner of an ESA and the roommate agrees to have the ESA live in the same dorm room, the roommate must provide written consent which must be submitted to the Office of ACCESSibility prior to the ESA being brought into the room.
In the event that the College is unable to find a roommate willing to live with an Owner with an ESA, the College may place the Owner in a single occupancy room and charge the Owner the appropriate fee for the room.

B. Responsibilities of Owner

Changes in Animal or Need for Animal.
The owner must notify the Office of ACCESSibility in writing if there are any changes to the approved ESA animal, or if the ESA is no longer needed.

Care of ESA
Owner must feed his/her ESA, provide water and provide exercise as appropriate for the type of animal.

Cleanup and Grooming
Owner must keep his/her ESA clean and well-groomed at all times. Owner must take measures to mitigate odor and to ensure flea control. Owner must not use public residential hall bathrooms for bathing or
grooming of ESA. Private sinks may be utilized for cleaning of ESA in limited instances with prior approval from the Office of ACCESSibility.

The owner is responsible for removing ESA’s waste from designated relief area. Owner must always carry bags and necessary cleaning equipment to clean waste, and dispose in prearranged container. If animal is litter trained, waste must be disposed regularly in designated container.

**Financial**
The owner is financially liable for any actions of the ESA including bodily injury and/or property damage. This includes, but is not limited to, replacement of wall coverings, windows, furniture, and carpet. If the room needs to be treated for fleas, ticks, or other pests, the owner will be billed for inspection and pest treatment. These costs must be settled at the time of repair and/or move-out.

**Leash and Identification**
If appropriate, as determined by the Office of ACCESSibility, the ESA must be kept on a leash and wear a tag indicating ownership information.

**Physical Control**
The owner must be in full control of the ESA at all times. Care and supervision is the sole responsibility of the owner. ESA’s left unattended in dorm room must be kenneled or restrained with a tie down. It is the owner’s responsibility to ensure the ESA does not disrupt others (i.e. vocalizing, barking, excessive noise).

**Vaccinations & Health Records**
The ESA must be in good health and have immunizations for diseases common to that type of animal. All vaccinations must be current and applicable animals must wear a current rabies tag.
The Owner is required to submit to the Office of ACCESSibility, on an annual basis, the ESA’s current immunization records, as well as a written certification from a licensed veterinarian that the ESA is in good health.

**Washer/Dryer Use**
A washer and dryer will be designated for use by the owners of ESAs. Owner must use the designated washer and dryer for cleaning owner’s and/or ESA’s clothing, bed sheets, etc.

**Other Guidelines**
- The ESA is not permitted in common areas. Owner must keep ESA in owner’s assigned room and Owner must ensure that the ESA does not leave the owner’s room except for when owner takes ESA outside to visit relief area or to take the ESA for a walk. Owner may not use ESAs to entice visitors to the owner’s room. For example – an invitation to visit a student’s room solely to interact with an ESA is not appropriate.
- Owner may not leave ESA overnight in student housing without the owner being present. The owner must make proper arrangements for the care of an ESA while the residence halls are closed for breaks. The owner will not be allowed to stay on campus over a break when college housing is closed for the purpose of taking care of an ESA.

C. **Removal of ESA**
Failure to maintain an ESA as set forth in this Policy and Agreement may subject the owner to fines, or result in removal of animal from campus. The College reserves the right to take appropriate measures, up to and including removal of ESA, for reasons which include but are not limited to the following:
- The owner violates any term of this policy, after notice and reasonable opportunity to resolve when possible;
- The approved ESA is no longer needed to assist with a disability;
- The College determines that the approved ESA is a direct threat to the health, safety, or property of anyone in the College community, or that the approved ESA is adversely affecting College’s programs or activities.

Owner may appeal the decision in writing to the College’s Equity Compliance Specialist.
SUPPORTING DOCUMENTATION FOR EMOTIONAL SUPPORT ANIMAL REQUEST

Provider (Physician, Psychiatrist, Social Worker, Mental Health Worker):

Your patient is a student at Mercy College and has indicated that having an Emotional Support Animal (ESA) will be helpful in alleviating one or more of the identified symptoms or effects of the student’s disability. To consider this student’s request for an accommodation because of a disability, Mercy College requires documentation from the treating and licensed clinical professional or health care provider thoroughly familiar with this student’s condition and his/her functional limitations and/or restrictions.

The information you provide will be used to evaluate the request. Please take the time to complete this form in its entirety.

All information provided to us is kept confidential in accordance with the Family Educational Rights and Privacy Act (FERPA). A signed consent for release of information should be completed by the student prior to the release of this form. Thank you for your assistance.

Importance of ESA to Student’s Well-being

In your opinion, how important is it for the student’s well-being that the ESA be in residence on campus?

What consequences, in terms of disability symptomology, may result if the accommodation is not approved?

Have you discussed the responsibilities associated with properly caring for an animal while engaged in typical college activities and residing in campus housing?

Do you believe those responsibilities might exacerbate the student’s symptoms in any way?

Thank you for taking the time to complete this form. If we need additional information, we may contact you at a later date. We recognize that having an ESA in the residence hall can be a real benefit for someone with a significant mental health disorder, but the practical limitations of our housing arrangements make it necessary to carefully consider the impact of the request for an ESA on both the student and the campus community.

Please sign your name below. By doing so, you are certifying that you are the person listed as completing this form, and you verify that you are not related to the student by blood or marriage. You also confirm that all information you have provided is accurate.

I. Policy on Equal Opportunity and Non-Discrimination

Mercy College is committed to achieving full equal opportunity in all aspects of College life. The College shall recruit, employ, retain, promote employees, and shall admit and provide services for students without regard to an individual’s race, color, creed, national origin, ethnicity, ancestry, religion, age, sex (including pregnancy), sexual orientation, gender, gender identity, transgender status, marital status, familial status, partnership status, disability, predisposing genetic characteristics, alienage, citizenship, criminal conviction, military or veteran status, status as a victim of domestic violence/stalking/sex offenses, unemployment status, or any other legally prohibited basis in accordance with federal, state and city laws.¹

The College is also committed to providing reasonable accommodations when appropriate to individuals with disabilities, individuals observing religious practices, and employees and students who have pregnancy or childbirth-related medical conditions.

In addition, the College strictly prohibits retaliation against any community member for reporting or opposing discrimination, or cooperating with an investigation of a discrimination complaint.

II. Prohibited Conduct Defined

A. Discrimination is treating an individual differently or less favorably because of an individual’s protected characteristics—such as race, color, religion, sex, gender, national origin, or any of the other bases prohibited by this Policy.

B. Harassment is a form of discrimination that consists of unwelcome conduct based on a protected characteristic that has the purpose or effect of unreasonably interfering with an individual’s work or academic performance or creating an intimidating, hostile or abusive work or academic environment. Such conduct may be spoken, written, visual, and/or physical. This Policy covers prohibited harassment based on all protected characteristics. Sexual harassment, gender-based harassment and sexual violence, however, are covered by Mercy’s Policy and Procedures Relating to Sexual Misconduct.

C. Retaliation is adverse treatment of an individual because the individual made a discrimination complaint, opposed discrimination, or cooperated with an investigation of a discrimination complaint.

III. Discrimination and Retaliation Complaint Procedures

Mercy College is committed to addressing discrimination and retaliation complaints promptly, consistently and fairly. The College’s Equity Compliance Specialist shall be responsible for, among other things, addressing discrimination and retaliation complaints under this Policy. All Mercy College staff officers, vice presidents, deans, directors, and other persons with managerial responsibility, including academic unit heads, must promptly consult with the Equity Compliance Specialist when a staff member becomes aware of conduct or allegations of conduct that may violate this Policy. All members of the College community are required to cooperate in any investigation of a discrimination or retaliation complaint.

1. Reporting Discrimination and/or Retaliation

Members of the Mercy College community, including students, employees, applicants, contractors, vendors and visitors, may promptly report any allegations of discrimination or retaliation as set forth below:

- a) Community members with discrimination complaints under this Policy should contact the College’s Equity Compliance Specialist, or file a complaint online, at: https://www.mercy.edu/about-merc y/title-ix

¹ Mercy College adheres to federal, state and city laws and regulations regarding nondiscrimination. Should any federal, state or city law or regulation be adopted that prohibits discrimination based on grounds or characteristics not included in this Policy, discrimination on those additional bases will also be prohibited by this Policy.
b) Community members with complaints of sexual harassment or sexual violence, including sexual assault, stalking, domestic and intimate violence, should contact the College’s Title IX Coordinator or Deputy Title IX Coordinator. For contact information, to file a complaint online and/or to learn more about the complaint process pursuant to Mercy’s Policy and Procedures Relating to Sexual Misconduct, please visit: https://www.mercy.edu/about-mercy/title-ix

c) There are separate procedures under which Mercy community members may request and seek review of a decision concerning reasonable accommodations for a disability. These are set forth in Mercy’s Policy and Procedures for Implementing Reasonable Accommodations for Students and Policy for Applicant and Employee Disability Accommodations.

2. **Preliminary Review**

   Individuals who believe they have experienced discrimination and/or retaliation should promptly contact the Equity Compliance Specialist to discuss their concerns, with or without filing a complaint. Following the discussion, the Equity Compliance Specialist will inform the complainant of the options available. These options include seeking informal resolution of the issues the complainant has encountered or the College conducting a full investigation.

3. **Filing a Complaint**

   Following the discussion with the Equity Compliance Specialist, individuals who wish to pursue a complaint of discrimination and/or retaliation will be provided with a copy of the complaint form. While it is preferred that complaints are made in writing whenever possible, it is not required for informal resolution or an investigation to proceed.

4. **Informal Resolution**

   Individuals who believe they have been discriminated or retaliated against may choose to resolve their complaints informally. Informal resolution is a process whereby parties may participate in a search for fair and workable solutions. The parties may agree upon a variety of resolutions, including but not limited to modification of work assignment, class reassignment, training for a department, or an apology. The Equity Compliance Specialist will determine if informal resolution is appropriate in light of the nature of the complaint. Informal resolution requires the consent of both the complainant and the respondent and suspends the complaint process for up to thirty (30) calendar days, which may be extended upon consent of both parties, at the discretion of the Equity Compliance Specialist. Resolutions must be in writing, and consented to by both parties. If no informal resolution of a complaint is reached at the conclusion of thirty (30) calendar days, the Equity Compliance Specialist will proceed with an investigation.

5. **Investigation**

   Upon a preliminary review of the complaint, the Equity Compliance Specialist or designee shall commence a full investigation of a complaint, as warranted, or after informal resolution has failed. During the course of the investigation, the complainant and respondent will be apprised to the extent possible regarding the facts and circumstances of the complaint and all of the steps in the process, including witness interviews, the gathering of any physical evidence, the potential for disciplinary procedures and possible sanctions for violations of this Policy.

6. **Retaliation prohibited**

   All persons involved in an investigation (including complainant, respondent and witnesses) are herein informed that retaliation against any person who files a complaint of discrimination, participates in an investigation, or opposes a discriminatory employment or educational practice or policy is prohibited under this policy and federal, state, and city laws that anyone who engages in such retaliatory behavior may be subject to disciplinary charges, which, if sustained, may result in penalties up to and including termination of employment, or permanent dismissal from the College (if the perpetrator is a student.)
7. **Withdrawing a Complaint**
A complaint of discrimination may be withdrawn at any time during the informal resolution or investigation process. Only the complainant may withdraw a complaint. Requests for withdrawals must be submitted in writing to the Equity Compliance Specialist. The College, however, reserves the right to continue with an investigation if, in its sole discretion, it determines such investigation is warranted. In a case where the College decides to continue with an investigation, it will inform the complainant.

In either event, the Equity Compliance Specialist or her/his designee will notify the respondent in writing that the complainant has withdrawn the complaint and whether College officials have determined that continuation of the investigation is warranted for corrective purposes.

8. **Timeframe**
While some complaints may require extensive investigation, whenever possible, the investigation of a complaint should be completed within sixty (60) calendar days of the receipt of the complaint. If there is a delay in completing the investigation, the Equity Compliance Specialist shall notify the complainant and the respondent in writing and shall keep the parties periodically abreast of timing issues.

Following the completion of the investigation, the Equity Compliance Specialist will report the findings to the Dean of Student Affairs if the respondent is a student; to the Provost if the respondent is a faculty member; or to the Executive Director of Human Resources if the respondent is an employee other than a faculty member.

10. **Disciplinary Action**
The appropriate College official (i.e. the Dean of Student Affairs, Provost or Executive Director of Human Resources) will review the investigation report. When it is determined that, by a preponderance of evidence, a violation of this policy has occurred, the College official shall authorize such action as she/he deems necessary to properly correct the effects of or to prevent further harm to an affected party or others similarly situated, in accordance with applicable Mercy handbooks, policies, rules and/or collective bargaining agreements. The range of penalties that may be imposed upon a student found to have violated this Policy includes, but is not limited to: probation, removal from housing, removal from a sports team or other school activity, suspension or expulsion following the relevant disciplinary procedures. The range of penalties that may be imposed upon an employee (including faculty) who is found to have violated this policy may include, but is not limited to: reprimand, suspension or termination of employment following the relevant disciplinary procedures, if applicable.

The Equity Compliance Specialist shall forward to the President of the College the report of findings of the investigation, and shall apprise the President of the recommended sanction(s) to be imposed. The President shall make a determination whether the findings and/or sanction recommended is appropriate. If the President is the respondent, the report shall be provided to the Board of Trustees, which will determine whether the findings and/or sanction is appropriate.

The Equity Compliance Specialist or her/his designee shall then apprise the complainant and respondent contemporaneously in writing of the outcome and action, if any, taken as a result of the complaint.

11. **Interim Protective Measures and Accommodations**
The College will take immediate steps to protect the complainant in the educational and employment setting, including taking interim protective measures and provide accommodations, as appropriate, during an investigation. The complainant will be informed by the Equity Compliance
Specialist or her/his designee in writing of such interim protective measures and accommodations, which may include, among other things:

a) Making necessary changes to academic programs;
b) Making necessary changes to residential housing situations;
c) Changing an employee’s work assignment or schedule; and/or
d) Offering counseling services to the complainant and the respondent, through the Health and Wellness Center or a referral to an off-campus agency.

In certain circumstances, interim suspension of an employee or student may be imposed if the conduct is severe and pervasive, in accordance with applicable Mercy handbooks, policies, rules and/or collective bargaining agreements.

12. False and Malicious Accusations
Members of the College community who make false and malicious complaints of discrimination, as opposed to complaints which, even if erroneous, are made in good faith, will be subject to disciplinary action.

13. Anonymous Complaints
All complaints will be taken seriously, including anonymous complaints. Individuals do have the option at any time to file an anonymous complaint through the College’s Whistleblower Hotline at 1-888-OK-MERCY (1-888-656-3729). In the event that a complaint is anonymous, the complaint should be investigated as thoroughly as possible under the circumstances, although the College may be limited in the extent of the investigation that it can conduct.

14. Responsibilities
a) Equity Compliance Specialist
   The College’s Equity Compliance Specialist and designee(s) (if applicable) shall be fully trained and equipped to carry out her/his responsibilities (as described above), and shall also be responsible for ensuring the following:
   i) That managers receive annual training on this Policy;
   ii) Annual dissemination of this Policy to the entire College community, including the Equity Compliance Specialist’s name and contact information as well as resources available at the College. Such information should be widely disseminated, including placement on the College website.

b) Managers
   Managers must take steps to create a workplace free of discrimination, harassment and retaliation, and must take each and every complaint seriously. Managers must promptly consult with the Equity Compliance Specialist when they become aware of conduct that may violate this Policy.
   For purposes of this Policy, managers are employees who either (a) have the authority to make tangible employment decisions with regard to other employees, including the authority to hire, fire, promote, compensate or assign significantly different responsibilities; or (b) have the authority to make recommendations on tangible employment decisions that are given particular weight.
   Managers include but are not limited to: vice presidents, directors, deans, academic unit heads, and staff officers.

c) Members of the College Community-at-Large
   Members of the College community who become aware of allegations of discrimination or retaliation should encourage the aggrieved individual to report the alleged behavior. All employees and students are required to cooperate in any investigation.
IV. Some Relevant Laws Concerning Non-discrimination and Equal Opportunity

Section 1324b of the Immigration and Nationality Act prohibits employers from intentional employment discrimination based upon citizenship or immigration status, national origin, and unfair documentary practices or “document abuse” relating to the employment eligibility verification or Form I-9 process. Document abuse prohibited by the statute includes improperly requesting that an employee produce more documents than required by the I-9 form, or a particular document, such as a “green card,” to establish the employee’s identity and employment authorization; improperly rejecting documents that reasonably appear to be genuine during the I-9 process; and improperly treating groups of applicants differently when completing the I-9 form.

New York City Pregnant Workers Fairness Act provides that employers provide pregnant employees with reasonable accommodations for the employee’s pregnancy, childbirth, or a medical condition related to pregnancy or childbirth.
Mercy College is committed to fostering a diverse community of outstanding faculty, staff, and students, as well as ensuring equal educational opportunity, employment, and access to services, programs, and activities, without regard to an individual’s race, color, national origin, religion, creed, age, disability, sex, gender identity, gender expression, transgender status, sexual orientation, familial status, pregnancy, predisposing genetic characteristics, military status, domestic violence victim status, or criminal conviction. Employees, students, applicants or other members of the College community (including but not limited to contractors, vendors or visitors) may not be subjected to harassment that is prohibited by law, or treated adversely based upon a protected characteristic, or retaliated against for making a complaint regarding such adverse treatment.

The College is also committed to providing reasonable accommodations when appropriate to individuals with disabilities, individuals observing religious practices, and employees who have pregnancy or childbirth-related medical conditions. Retaliation for reporting or opposing discrimination, cooperating with an investigation of a discrimination complaint, or requesting an accommodation is also prohibited.

Inquiries regarding the application of Title IX and other laws, regulations and policies prohibiting discrimination may be directed to Ana Gonzalez, Esq., Title IX Coordinator and Equity Compliance Specialist, agonzalez@mercy.edu, 914-674-7679.

**POLICY ON ACCESS TO STUDENT RECORDS UNDER THE FEDERAL FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974, AS AMENDED M(“FERPA”)**

I. Scope of the Act

(a) General

The federal Family Educational Rights and Privacy Act of 1974, as amended (“FERPA” or the “Act”) and its implementing federal regulations affords to persons who are currently, or were formerly, in attendance at the College as registered students a right of access to their “educational records”. Persons who unsuccessfully applied for admission to the College or who are offered admission but never attended the College are not covered by the Act.

The Act also restricts the persons to whom the College may disclose a student’s education records without the student’s written permission and affords the student an opportunity to see amendment of records that the student believes are inaccurate or violate the student’s privacy rights.

(b) Records Covered

“Educational records” of a student are those records, files, documents, and other materials that are maintained by the College and contain information directly related to the student Education records include traditional paper records as well as material that is maintained in digital, electronic, photographic, video, audio or any other form. “Education records” do not include:
1. Personal notes maintained by faculty members or other staff that are not available to others.

2. Records that are created or maintained by a physician, psychologist, or other recognized health or mental health professional or paraprofessional that are created, maintained, or used only in connection with the provision of treatment to the student and are not available to others except in connection with providing such treatment.

3. Records, such as those that might be maintained by the College’s legal counsel, the confidentiality of which is protected by law.

4. Records created and maintained by a campus law enforcement unit solely for law enforcement purposes.

5. Records containing financial information about his or her parents, such as information submitted in connection with an application for financial aid.

6. Grades or peer-graded papers before they are collected and recorded by an instructor.

7. Records that contain information about a person only after they are no longer students at the College.

8. Records of a student who is deceased.

II. Access Rights of Students

(a) Procedure

Students may obtain access to their education records by making application to the Registrar. The College is required to grant the request within forty-five (45) days. The Registrar will forward copies of the student’s request to the appropriate offices holding the requested files. These offices will contact the student with an invitation to inspect them.

If a student wishes to inspect an education record that also contains information regarding another student, such inspection is permissible only if (a) the information about the other student is inseparable from information about the requesting student, (b) any personally identifiable information about the other student is redacted prior to inspection by the requesting student, (c) the other student provides a prior, written consent, or (d) disclosure is otherwise permitted or required by law.

A student ordinarily will not be provided with copies of any part of his record other than his transcript, unless the inability to obtain copies would effectively prevent him from exercising his right to inspect and review his education records. In cases where copies will be provided, the department or office of the College maintaining the record in question may impose a charge for making such copies at such uniform rates as it shall determine. In general, the charges imposed will not exceed $.10 per page. An exception is the case of transcripts, which are free. Students will not be permitted to remove the original record(s) from the record review office. At the conclusion of the review each record must be returned to the office that maintains it.

If a student is physically unable to come to the appropriate record review office, and if this inability would effectively deny the student access to the records, the student may obtain a record request form by calling or writing to the appropriate record review officer. The student should then return the completed request form by mail to the record review officer. The officer will make special arrangements for the review.
Generally, educational records of a student will be maintained by the Registrar, the office of the school in which the student is enrolled, and the office of the department of the student’s major field of study. In addition, the College Health Services Office and Counseling Office maintain records relating to students who have utilized its facilities. If a student has utilized a placement office at the College, such office may also maintain records relating to the student.

(b) Confidential Letters of Recommendation

In general, a student may have access to confidential letters and statements of recommendation that are part of the student’s education records. This right, however, does not apply to such letters and statements placed in the student’s education records prior to January 1, 1975, if such letters and statements are not used for purposes other than those for which they were specifically intended.

A student may, by signing a written waiver, relinquish his or her right to inspect confidential recommendations placed in the student’s education records on or after January 1, 1975, respecting (1) admission to any educational institution; (2) an application for employment; or (3) the receipt of an honor or honorary recognition.

In no case will any student be required by the College to waive his or her rights to access of confidential recommendations. A student may find it appropriate to do so for a number of reasons. For example, the student may feel that his or her professors will write more candid and helpful letters of recommendation if the letters are not available to the student. A number of schools and departments have waiver forms available.

(c) Amendment of Records

If a student believes that any of the education records relating to her or him contain information that is inaccurate, misleading, or in violation of her or his rights of privacy, he or she may ask the College to correct or delete such information. The student may also ask that additional explanatory material be inserted in the record. Requests for amendment of a record or the addition of explanatory material should be submitted, in writing, within a reasonable amount of time after the conclusion of the record review. The reasons for the request should be set forth and should clearly identify the part of the record the student wants changed and specify why it is inaccurate or misleading. There is no obligation on the part of the College to grant such a request. If the College declines to amend the records as requested by the student, it will so inform the student, and the student may request a hearing to appeal the decision. The right to challenge the contents of an educational record may not be used to question substantive educational judgments that have been correctly recorded. For example, a hearing may not be requested to contest the assignment of a grade. Grades given in the course of study include written evaluations that reflect institutional judgment of the quality of a student’s academic performance.

Hearing requests must be made in writing, to the Provost regarding academic records or the Assistant Dean of Student Affairs regarding non-academic records, within thirty (30) days of being informed of the decision to decline the request for amendment. Within a reasonable period of time after receiving such request, the Provost will inform the student of the date, place and time of the hearing. The hearing will take place before the Academic Standing Committee, which is composed of faculty and staff members who do not have a direct interest in the outcome of the hearing. The student may present evidence relevant to the issues raised and may be assisted or represented at the hearing by one or more persons of the student’s choice, including an attorney, at the student’s sole expense. The Committee must issue a written decision that contains a summary of the evidence and a
statement of the basis for the decision. The decision of the Committee is final and must be based solely on the evidence presented at the hearing. If the decision is in the student’s favor, the education records will be amended in accordance with the Committee’s decision. If the decision is unfavorable to the student, the student may prepare a statement commenting on the contested information in the education record or stating why the student disagrees with the decision not to amend the record, or both. The College must maintain any such statement along with the contested part of the record for as long as the College maintains that record and the College must disclose the statement whenever it discloses the portion of the record to which the statement relates.

III. Access by or Release to Others

(a) General

The College will not generally permit access to, or release of, educational records or personally identifiable information contained therein to any party without the written consent of the student. The College may, however, as provided in the Act, release such data to certain persons including but not limited to:

- Officials of the College who have a legitimate educational interest (including persons with whom the College has contracted) in obtaining access to the records. Such access will be granted if the official needs to review an educational record in order to fulfill his or her professional responsibility.
- Persons who require access in connection with the student’s application for, or receipt of, financial aid.
- Parents of a student, provided the student is a “dependent” of the parents for federal income tax purposes.

In general, the College does not make education records available to a student’s parents. However, where the College believes that it is in a dependent student’s interest, information from the student’s educational records may be released to the parents of such a dependent student.

- The College may release such information in compliance with a judicial order or pursuant to any lawfully issued subpoena. As a general policy, before any information is so released the College will first notify the student at the student’s most recent address as shown in the records maintained by the Registrar. However, in compliance with the Act, some judicial orders and subpoenas issued for law enforcement purposes specify that the College cannot disclose to any person the existence or contents of the order or subpoena or the information furnished in compliance with it.
- The College may release information about certain conduct violations to a student’s parent or others.
- In connection with an emergency, the College may release information from educational records to appropriate persons if the knowledge of such information is necessary to protect the health or safety of a student or other persons. The College is required to maintain in the student’s file a record of the situation that prompted such disclosure and a list of individuals to whom disclosure was made.
(b) Release with the Student’s Consent

Upon written consent or request by a student, the College will release information from the student’s educational records to third parties. The student should make a request for such release to the department or office having custody of the record involved. The College may impose a charge for copying a student’s records in connection with such release.

(c) Release of Information to Parents and Guardians of Mercy College Students.

Subject to the limitations set out in Section III(a), where parents or guardians claim their students as dependents for tax purposes, the College may notify such parents or guardians when there is a change in the student’s status (e.g. being placed on or removed from academic probation) or if there is a change in enrollment as a consequence of a student being barred for failure to meet the terms of academic probation or for disciplinary reasons. In order to be notified of the changes of status and enrollment listed above, parents and guardians must make a request to the along with a copy of their previous year’s federal tax return demonstrating the student’s dependent status.

Alternatively, any student—who wishes that his or her parents, guardians or other family members be notified of status changes or grades may complete and return to the Registrar a consent form.

(d) Transfer of Information to Third Parties

It shall be a condition of the release by the College of any personal information on a student to a third party that the party to which the information is released will not permit any other party to have access to such information without the written consent of the student. An institution to which such information is released may permit its officers, employees, and agents to use such information but only for the purposes for which the disclosure was made. These restrictions do not apply to certain subpoenas and court orders.

(e) Directory Information

The College may, at its discretion, release “directory information” with respect to a student for any purpose without the student’s consent. The College has designated the following categories of information as directory information with respect to each student: name, local and permanent address, electronic mail address, telephone listing; age; photograph; major field of study; participation in officially recognized activities and sports; weight and height of members in athletic teams; enrollment status; dates of attendance at Mercy College; degrees, honors and awards received, and their dates; and most recent educational institution attended.

A student in attendance at the College who does not want to have directory information relating to himself released should complete an Authorization to Withhold Directory Information form and return it to the Registrar.

A student may not use the withholding of directory information to prevent the College from disclosing or requiring the student to disclose his or her name, identifier, or institutional e-mail address in a class in which the student is enrolled.

Students should consider very carefully the effect of a decision to withhold directory information. If that decision is made, any requests during that academic year for such information from non-College
persons or organizations will be refused (subject to the exceptions stated in Section III(a) above or unless the student has subsequently removed the hold by notifying the Registrar in writing). If a student does not specifically request the withholding of directory information by filing the Authorization to Withhold Directory Information form, as indicated above, the College assumes that he or she approves of the disclosure of such information.

(f) Review by Government Agencies

Authorized representatives of government agencies may occasionally ask to see a student’s education records. Such requests are usually made when a student or former student has applied for a government job. The government agent will be referred to the appropriate record review officer, as indicated in Section II(a) above. Generally, the College will handle such requests in the same manner as other requests for access to student records by third parties, provided that the government agent shows official identification and provides a signed release from the student, a copy of which will be retained by the College.

If a government agent has a subpoena, he or she should be referred to the General Counsel. Under the FERPA regulations, the College is required to make a reasonable attempt to notify the student prior to complying with the subpoena unless, in the case of a subpoena issued for law enforcement purposes, the subpoena orders that such notification not be made.

IV. Maintenance of College Records

FERPA does not impose an obligation on College officials to create or maintain particular education records, except that the College cannot discard an education record as to which a request for inspection is pending. However, the College is required to maintain a record, kept with the education records of each student, indicating all individuals, agencies or organizations that have requested or obtained access to a student’s education records and indicating specifically the legitimate interest that each has in obtaining the information. This requirement does not extend to requests made by College officials with legitimate educational interests and to certain requests made in the context of ongoing terrorist investigations and prosecutions.

V. General

The College will inform students of the guidelines in this Policy and of their rights under FERPA and the Department of Education’s FERPA regulations by placing a notice about them in the Mercy College Student Handbook each year and on the College’s Intranet.

(b) Each office of the College that maintains educational records should keep with each student’s file a permanent record of all parties who have requested access to the student’s records, other than custodians of such files, College officials normally dealing with such files in performance of their duties, College officials who have been determined to have a legitimate educational interest in obtaining access to the records, parents of a dependent student, parties who have received directory information, parties who have received records or information pursuant to the student’s written consent, and the recipient of records or information pursuant to certain subpoenas and court orders. Such records of access should
indicate specifically the legitimate interest that each such party had in obtaining access to the student’s records and whether or not the request was granted. A student may inspect such records relating to his education records.

(c) Questions about the interpretation of this policy should be referred to the College’s General Counsel.

(d) Complaints regarding the Act may be filed with:

POLICY ON HAZING AND RECKLESS ENDANGERMENT

Mercy College, in accordance with New York State law, is committed to eliminating and preventing hazing behavior and/or inappropriate team, group, club or student organization bonding or initiation activities which humiliate, demean or devalue the worth of another individual. The College supports only those activities which are constructive, educational, and inspirational and that contribute to the intellectual and personal development and well-being of students. Therefore, any hazing, initiation or team, group, club or organization bonding activities that subject student-athletes or others to mental or physical discomfort, embarrassment, harassment or ridicule or other conduct which recklessly endangers or threatens the health, safety, or welfare of any person on College-owned or operated property or at College-sponsored activities.

The College defines hazing and inappropriate team, group, club or organization initiation or bonding activities as any action, whether physical, mental, emotional or psychological, which subjects another person, voluntarily or involuntarily, to anything that has the intended or unintended effect of abusing, mistreating, degrading, humiliating, harassing or intimidating the person, or which may in any fashion compromise the inherent dignity of the person, for the purpose of association with or induction to a particular team, group, club or organization. In addition, any requirements by any member of a team, group, club or organization which compels another member or prospective member to participate in any activity which is against college policy or state/federal law will be defined as hazing. All campus clubs and organizations shall incorporate this policy into their club constitutions or bylaws.

Specific actions and activities which are prohibited, include, but are not limited to, the following:

- Any type of initiation or other activity where there is an expectation of individuals joining a particular team, group, club or organization to participate in behavior designed to humiliate, degrade or abuse them regardless of the person’s willingness to participate.
- Forcing, requiring or pressuring an individual to consume alcohol or any other substance.
- Forcing, requiring or pressuring an individual to shave any part of the body, including hair on the head.

- Forcing, requiring or pressuring an individual to perform tasks of servitude including errands and cleaning.
- Forcing, requiring or pressuring an individual to be exposed to the elements.
- Required eating of anything an individual would refuse to eat otherwise.
• Any activity or action that creates a risk to the health, safety or property of the College or any member of its community.

• Subjecting a member to cruel and unusual psychological conditions.

This College policy is applicable to and governs the conduct of students, faculty, staff, visitors and other licensees on Mercy College campuses and property. Administrators, coaches, team captains, student-athletes, student leaders, club/organization officers and all students shall be expected to accept responsibility and act with integrity and civility regarding this issue. This includes not only refraining from engaging in activities such as those described above, but also reporting any questionable activities to advisors, coaches or administrators.

Failure to comply with both the letter and the spirit of this policy may result in disciplinary action in accordance with the procedures set forth below and may subject students to sanctions up to and including expulsion from the College, as well as criminal or civil prosecution.

POLICY ON ILLEGAL DRUGS/DRUG PARAPHERNALIA AND ALCOHOL

The possession, use, or distribution of illegal drugs or drug paraphernalia is prohibited on all Mercy College property, in any Residential Area (which includes the Mercy College Residence Hall and the off-campus hotels) and at any off-campus College activity or event. Throughout this Handbook, the term illegal drug includes, without limitation, prescription medications or other drugs that are being used, possessed or distributed illegally. Such conduct may also violate a number of state and federal criminal laws that may subject violators to fines or terms of imprisonment.

Students will be ineligible for financial aid if they are convicted of an offense under federal or state law involving possession or sale of a controlled substance, provided that the conduct occurred while the student was enrolled and receiving federal financial aid. Ineligibility for financial aid will run from the date of conviction for the following periods: (a) for drug possession: a first offense carries a one-year disqualification, a second offense carries a two-year disqualification, and a third offense makes the student ineligible indefinitely, and (b) for sale of a controlled substance: a first offense carries a two-year disqualification, and a second offense makes the student ineligible indefinitely.
A student can regain eligibility by successfully completing an approved drug rehabilitation program.

Mercy College has the obligation to protect the interests and rights of students as well as those of the College community as a whole. At the same time, the College understands that drug abuse may be a symptom of deeper personal and emotional problems. The College may also offer assistance to students in such circumstances and emphasizes the reciprocal responsibility of the individual to seek such help.

Violations of the Illegal Drugs and Drug Paraphernalia policy include, but are not limited to, the following behaviors by students:

- **Level I**: (a) Smell of marijuana smoke or any other illegal drug in a room in the Residential Area or any other location on the College Campus, or (b) possession or use of drug paraphernalia. Drug paraphernalia includes, but is not limited to; roach clips, bongs, pipes, and hookahs. Minimum $100.00 fine, 10 hours community service, completion of Marijuana education module, E-Toke, or a combination thereof, and disciplinary probation for Level I drug violation.

- **Level II**: (a) Possession or use of illegal drugs, or (b) the second instance of a Level I violation. Minimum $200.00 fine, 20 hours community service, Illegal Substance education module, E-Toke, or a combination thereof, and disciplinary probation for a Level II drug violation.

- **Level III**: (a) The third or more instance of a Level I violation, or (b) the second or more instance of a Level II violation. Minimum $300 fine, 20 hours community service, Illegal Substance education module, E-Toke, or a combination thereof, and disciplinary probation for a Level III drug violation.

- **Level IV**: (a) Sale, manufacture or distribution of illegal drugs, or (b) the second instance of a Level II suspension or expulsion from the College for a Level III drug violation. Minimum $500.00 fine and removal from housing and/or suspension or expulsion from the College for a Level IV drug violation.

Upon finding credible evidence of the above listed violations by any student, the College will take appropriate disciplinary action, as set out in this Handbook, and may impose sanctions up to and including probation, suspension or expulsion and as set out in Section 3 of this Policy. Mercy College will also cooperate fully with law enforcement agencies in the investigation and prosecution of drug-related crimes that occur on College premises or at College-related events and activities or that otherwise affect the College community.

**Paraphernalia**

Drug paraphernalia is defined as “…all equipment, products, and materials of any kind which are use or intended for use in planting, propagating, cultivating, growing, harvesting, manufacturing, compounding, converting, producing, processing, preparing, testing, analyzing, packaging, repackaging, storing, containing, concealing, ingesting, inhaling, or otherwise introducing into the human body a controlled dangerous substance...including roach clips...bongs...pipes...”

2. **Alcoholic Beverages**

The possession, use, service or consumption of alcoholic beverages, or appearance in an intoxicated state, is prohibited on all Mercy College property, in any Residential Area (which includes the Mercy College Residence Hall and the off-campus hotels) and at any off-campus College activity or event, including student-centered special events sponsored off campus by the College. These guidelines are intended to discourage the irresponsible distribution and consumption of alcoholic beverages as well as underage access to alcoholic beverages. Students also have the personal responsibility of discouraging drunkenness. At all staff functions and/or academic division events that students may attend, the organization sponsoring the activity is responsible for enforcing strict adherence to New York State Alcohol
Beverage Control Laws and other laws of the State of New York. At certain College-sponsored events, the responsible use of alcohol on campus in moderation by persons who are not students at the College, and who are of legal drinking age, will be permitted.

In the State of New York, it is illegal for any person under the age of 21 to possess or consume alcohol. It is also illegal to obtain or use false or fraudulent proof of age obtained for the purpose of purchasing or consuming alcohol, to misrepresent one’s age or the age of another as being under 21, to drive while ability impaired or while intoxicated, or to drink and drive under or over the age of 21. Any such behavior by a student, which is brought to the attention of a College official, will be treated as a violation of this policy.

Violations of the Alcoholic Beverages policy include, but are not limited to, the following behaviors by students:

- **Level I**: Student is found in the presence of alcohol or empty alcohol containers in any campus location, including any Residential Area. This includes, but is not limited to decorative bottles used to decorate rooms and empty alcohol containers in the trash (or scattered in the room). Minimum of a $25.00 fine, assigned community service, or a combination thereof, and letter of reprimand for a Level 1 alcohol violation.

Minimum of a $200.00 fine, and assigned community service, completion of the Alcohol education module E-Chug, disciplinary probation and possible notice to student’s parents, or a combination thereof for a Level III alcohol violation.

- **Level IV**: (a) Possession of kegs, grain alcohol or common source containers, (b) possession or use of funnels, (c) the third instance of a Level II violation or (d) the second instance of a Level III violation. Minimum of a $300.00 fine, assigned community service, one (1) year disciplinary probation, and mandatory attendance of C.H.O.I.C.E.S. alcohol awareness class, and possible: removal from the Residential Area, suspension from the College and/or notice to the student’s parents, or combination thereof for a Level IV alcohol violation.

- Notice to the student’s parents, removal from the Residential Area, and possible suspension or expulsion from the College for a Level V alcohol violation.

Upon finding credible evidence of the above listed violations by any student, the College will take appropriate disciplinary action, as set out in this Handbook, and may impose sanctions up to and including probation, suspension or expulsion and as set out in Section 3 of this Policy. Mercy College will also cooperate fully with law enforcement agencies in the investigation and prosecution of drug-related crimes that occur on College premises or at College-related events and activities or that otherwise affect the College community.
3. Reporting Violations of the Policy on Illegal Drugs and Alcohol

Any member of the faculty, administration or staff, or any student who knows or believes that a violation of the College’s policy on Illegal Drugs or Alcohol has taken place may file a complaint against such student, administrator, or staff or faculty member. In the case of a student, allegations will be investigated and adjudicated in accordance with the disciplinary procedures set out in this Handbook.

4. Risks Associated with the Use of Illegal Drugs and Alcohol

Health Risks
The health consequences of alcohol and substance abuse may be immediate and unpredictable, such as fatalities associated with alcohol and drug overdoses, or more long-term, such as the liver and brain damage associated with the prolonged use of alcohol. The following are some of the health consequences of alcohol and other drug use:

Alcohol - Short term effects include depressed central nervous system, impeded attention and memory, impaired judgment, impaired vision, impairment of other senses, irregular sleep, impaired driving, unconsciousness, and, with excessive use, death. Long-term effects of heavy use include damage to the liver, heart and pancreas, irritation of the gastrointestinal system, high blood pressure, oral cancer, malnutrition and nutritional deficiencies and lowered resistance to disease. Use during pregnancy can cause severe damage to the developing fetus.

Depressants - Short-term effects include depressed central nervous system, mildly impaired coordination, impaired judgment and short-term memory, impaired driving, and reduced anxiety/lethargy. In high doses, short-term effects can include irregular breathing, impaired reflexes, coma and death. Long-term effects of heavy use include disturbed sleep, chronic fatigue, anxiety, restlessness and depression, slower reflexes and impaired coordination, reduced sex drive and/or impotence, menstrual irregularities, hostility and mood swings and cross-tolerance to other depressants. Use during pregnancy can harm the developing fetus.

Hallucinogens - Because some of these substances are synthetic, they may be particularly potent and may contain impurities. Short-term effects include changes in perception, mood, thought and brain function, loss of judgment, disorientation, mild confusion and/or hallucinations, visual disturbances, increased heart rate, blood pressure and body temperature, nausea, vomiting and/or abdominal discomfort. In high doses, some hallucinogens can cause death. Over the long term, heavy use can precipitate severe psychotic episodes. In addition, flashbacks can occur spontaneously. Their effects during pregnancy are not fully understood.

Opiates - Short-term effects include impaired driving. Higher doses can cause drowsiness, sedation, dizziness or euphoria. Some may have a stimulating effect, with increased heart rate, blood pressure, tremors and seizures. Very high doses can cause decreased heart rate and blood pressure, muscle construction, cyanosis and death. Over the long term, heavy use can result in impaired vision, chronic constipation, a higher risk of pulmonary complications, and mood swings. Needle use can lead to abscesses, collapsed veins and infections. Use during pregnancy can harm a developing fetus and create a higher risk of premature birth, miscarriage and stillbirth.

Marijuana - Short-term effects are the same as many of the short-term effects of depressants, stimulants and hallucinogens. They can include impaired judgment, short-term memory and intellectual performance, reddening of eyes, sensory distortion, impaired coordination, drowsiness, and impaired driving. Short-term use can also aggravate pre-existing heart problems and mental health problems. Over
the long term, effects include respiratory damage, impairment of memory and concentration and interference with the physical, psychological and social development of young users. The effect of daily use during pregnancy may cause problems in the developing fetus, but the effect is not fully known.

Stimulants - Short-term effects include increased alertness and energy, impaired driving, impaired judgment, increased breathing, heart rate and heart palpitations, anxiety, restlessness, hostility, paranoia and confusion, and visual and auditory hallucinations. Overdose can lead to death. Over the long term, use of stimulants can cause severe anxiety and paranoia, impaired coordination, tremors, high blood pressure, malnutrition, chronic sleeplessness, and damage to internal organs, such as the brain, heart, lung, liver and kidneys. Chronic use can lead to death. Use during pregnancy can cause damage to the developing fetus.

In addition to health-related problems, alcohol and substance abuse are also linked with financial difficulties, interpersonal conflicts, domestic violence, deterioration of the family structure, accidental injuries or fatalities, and may have a significant impact upon academic performance.

POLICY PROHIBITING THE MARKETING OF CREDIT CARDS TO STUDENTS

Mercy College prohibits the advertising, marketing, or merchandising of credit cards on Mercy College campuses to students except in strict compliance with this Policy.

I. Except as otherwise permitted in this policy, credit card advertising or solicitation to students is not permitted on any Mercy College campus. This includes advertising or solicitation at campus vendor tables, as well posting or distribution of applications, fliers, posters, handbills and signage (electronic and otherwise) in College facilities. The College's e-mail system or web pages may not be used for advertising or solicitation of credit cards to students.

II. Banks, credit unions and other businesses approved to be present at student orientations/opening of school weeks or other campus activities may not provide credit card applications to students during those events.

III. No campus employee, student group, or campus department may accept financial support or other goods and services from credit card issuers or vendors in exchange for allowing them to market credit cards to students.

POLICY ON PEER-TO-PEER FILE SHARING

In addition to potentially violating College policy, the unauthorized distribution of copyrighted material, including through peer-to-peer file sharing, may subject a student to criminal and civil penalties. The laws that govern copyright are not specific to any one technology. Students can violate the rights of a copyright holder using many different types of technology. Both uploading and downloading of files can pose a violation of the copyright law. Students should be cautious when obtaining any copyrighted material. As a rule of thumb, before a student receives anything for free, they should research whether that source provides material licensed by the copyright owner. A list of licensed sources at can be found at www.educause.edu/legalcontent.

Under the Digital Millennium Copyright Act (DMCA), the Recording Industry Association of America (RIAA) has begun issuing subpoenas to Internet Service Providers (ISPs) to obtain the identity of individual users who are committing such acts and has begun suing those individuals under the DMCA. Acting as an ISP, the College can be subpoenaed under the DMCA for the identity of users in the College community who are illegally distributing copyrighted material. Although the College will act in accordance with the Family Education Rights Privacy Act, it might be forced to comply with such subpoenas.

Individuals who violate copyright law by illegally uploading and downloading copyrighted files may be subject to civil penalties of between $750.00 and $150,000.00 per song. These penalties are established by federal law. In the past, pre-litigation settlements offered by copyright owners have ranged from $3,000 to $4,000 and up while juries have issued verdicts of hundreds of thousands and even millions of dollars. In addition, a court may, in its discretion, grant the copyright owner reasonable attorney fees. Although criminal prosecution of students for file sharing is extremely rare, federal law lays out criminal penalties for intentional copyright infringement which can include fines and jail time.

POLICY REGARDING SERVICE ANIMALS FOR PEOPLE WITH DISABILITIES

I. Policy Statement
Mercy College is committed to making reasonable modifications in policies, practices, and procedures to permit the use of service animals by persons with disabilities. Service animals play an important role in
ensuring the independence of people with disabilities, and it is therefore our policy to welcome to the College any animal that is individually trained to assist a person with a disability.

II. **What is a Service Animal?**
Service animals include any dog or miniature horse that is individually trained to do work or perform tasks for individuals with disabilities, including a physical, sensory, psychiatric, intellectual, or other mental disability. Service animals do not always have a harness, a sign, or a symbol indicating that they are service animals. A service animal is not a pet. Service animals assist people with disabilities in many different ways, such as:

- Guiding people who are blind or have low vision and retrieving dropped objects for them;
- Alerting people who are deaf or hard of hearing to sounds and the presence of others;
- Carrying and picking up items, opening doors, or flipping switches for people with disabilities who have limited use of hands or arms, limited use of their legs, or limited ability to bend or stoop;
- Pulling wheelchairs;
- Alerting people with disabilities to the onset of medical conditions such as seizures, protecting them and cushioning them if they fall, reviving them, and performing other tasks that reduce the risk of liability related injury;
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities, or psychiatric disabilities, such as reminding a person with depression to take medication or waking him/her up, alerting a person with anxiety to the onset of panic attacks, orienting people with schizophrenia to reality, and helping people with intellectual or cognitive disabilities to locate misplaced items, find places, or follow daily routines; and
- Providing physical support and assisting people with physical disabilities with stability and balance.

III. **Requirements with Regard to Service Animals**
Most of the time, people with disabilities who use service animals may be easily identified without any need for questioning. If we can tell by looking, it is our policy not to make an individual feel unwelcome by asking questions. If we are unsure whether an animal meets the definition of a service animal, it is our policy to ask the individual only two questions at the point that the individual seeks entry to the College or any of its buildings:

1) Is the service animal required because of a disability?
2) What work or task has the service animal been trained to perform?

If the individual says yes to the first question and explains the work or tasks that the animal is trained to perform, we will welcome the person and service animal to the College without asking any additional questions about his or her service animal. We will not ask an individual questions about his or her disability. We will not ask an individual to show a license, certification, or special ID card as proof of their animal’s training. We must permit service animals to accompany individuals with disabilities to all areas of the College normally used by students or other members of the public and will treat individuals with service animals with the same courtesy and respect that we afford to all of our students.

If the answer is “no” to the first question, the College may inform the individual that the service animal is not permitted and he/she will be referred to the Student Handbook.
IV. Mercy College Responsibilities
Mercy College has the right to exclude a service animal from the College if the service animal is out of control and the handler does not take effective action to control it, or the service animal is not housebroken. We will not exclude a particular service animal based on past experience with other animals or based on fear unrelated to an individual service animal's actual behavior. Each situation will be considered individually.

POLICY AND PROCEDURES FOR IMPLEMENTING REASONABLE ACCOMMODATIONS FOR STUDENTS

I. Policy Statement
Mercy College is committed to complying with all applicable laws and regulations whose purpose is to ensure that no otherwise qualified individual with a disability is excluded from participation in, denied the benefits of, or subjected to discrimination in College programs or activities due to his or her disability. The College is fully committed to complying with all requirements of the Americans with Disabilities Act of 1990 (ADA) and Section 504 of the Rehabilitation Act of 1973 and to providing equal educational opportunities to otherwise qualified students with disabilities.

II. Procedures for Requesting an Accommodation

A. Student Registration
In order for a Mercy College student to receive an accommodation under this Policy, the student must register with the Office of ACCESSibility. To register with ACCESS, the student must submit an Application for Accommodations and appropriate supporting documentation. Students may visit the webpage, https://www.mercy.edu/student-affairs/access, contact ACCESS staff at (914) 674-7523 or by email at accessibility@mercy.edu for further information, including what documentation is required and the process for submission. Students can also visit the office which is located in Main Hall, Room 109 on the Dobbs Ferry campus or set-up an appointment at another campus with an ACCESS staff member.

a. Within 2 business days of receiving documentation, ACCESS will confirm receipt via email or phone to the student. An ACCESS staff member will contact the student within approximately five (5) business days of receipt of the Application for Accommodations and supporting documentation to set-up an in-person appointment. During the in-person appointment, ACCESS will discuss with the student whether the accommodation(s) will be approved and, if approved, the manner in which the accommodations will be provided. This appointment can also be done over the phone or through email if the student is unable to visit a Mercy Campus. The Director or Associate Director of the Office of ACCESSibility may consult with appropriate College officials in determining the appropriateness of the requested accommodation. Such consultation shall be confidential, and limited to those officials whose input is necessary to the decision.

b. Accommodation Memo
During the initial Accommodation Meeting, ACCESS will provide the student with an “Accommodation Memo.” The purpose of the Memo is to inform a faculty member that the student in his/her course is registered with ACCESS and lists the student’s accommodations. The Memo does NOT cite the specific disability. If the initial Accommodation Meeting is taking place before the student has enrolled at Mercy, the memo will be provided to the student 30 days before the start of their program.
c. **Timing of Requests and Accommodation Memos**

Students may request accommodations at any point during the semester. A student has the right to not disclose a disability to a faculty member and to withhold submission of an Accommodation Memo from a faculty member. In the event that a student does not submit an Accommodation Memo to a faculty member, the student may not make up work or retake exams retroactively with accommodations. Any grades already in place or tests taken PRIOR to the submission of an Accommodation Memo to the faculty member will not be changed or repeated with accommodations. Please keep in mind that not all accommodations can be immediately implemented, and no grades given prior to the implementation period will be changed.

An Accommodation Memo is semester specific and is only valid for the term that it was issued. To activate the accommodation(s) each semester, the student must request a new Accommodation Memo from ACCESS before the start of each semester. The updated Memo should be presented ordinarily to faculty members within the first 1-2 weeks of EACH academic term. The student must have the faculty member review the Memo and obtain the faculty member’s signature at the bottom of the Memo. The signed Memo must be returned to the Office of ACCESSibility or may be scanned and emailed to accessibility@mercy.edu as soon as possible.

III. **Review of Accommodation Requests/Decisions**

If a student feels that their accommodations are not being provided adequately or fully, or the student disagrees with an accommodation that was not approved, the student should first consult with the Associate Director or Director of ACCESS, who will attempt conflict resolution. If the dispute cannot be resolved by this process, the student may file a written complaint online (and provide all relevant documentation) with the College’s Equity Compliance Specialist. The Equity Compliance Specialist will review the matter and render a final determination in writing which will be submitted to the student within five (5) business days of the Equity Compliance Specialist’s receipt of the complaint with all relevant documentation.

IV. **Requirements for Faculty and Staff**

Faculty (and in certain circumstances staff members) are required to implement accommodations authorized by the Office of ACCESSibility. If a faculty/staff member questions an accommodation approved by the Office of ACCESSibility and wishes to appeal the decision, the faculty/staff member must continue to afford the accommodation to the student while the appeal is considered. The faculty/staff member should discuss his or her concern(s) with the Director or Associate Director of ACCESS. If the discussion does not result in a resolution of the faculty/staff member’s concern, the faculty/staff member must submit an appeal in writing to the Office of ACCESSibility consisting of the reasons for the appeal and any supporting documentation. The appeal and documentation will be reviewed by the Director of ACCESS who will render a decision and inform the faculty/staff member in writing of the decision within five (5) business days of receipt of the appeal. If upon review, the Office of ACCESSibility determines that the accommodation is warranted, the faculty/staff member will be required to accommodate the student.

V. **ADA/Section 504 Student Complaints**

A student may at any time file a complaint with the Equity Compliance Specialist if the student believes he/she is being subjected to discrimination based on the student’s disability, without fear of retaliation. The Equity Compliance Specialist shall conduct an investigation consistent with the College’s Policy on Equal Opportunity and Non-Discrimination.
POLICY AND PROCEDURES FOR HANDLING STUDENT COMPLAINTS

I. Introduction

Mercy College has a variety of procedures for dealing with student-related issues, including grade appeals, student discipline, sexual misconduct complaints, disability accommodations, discrimination and retaliation. In some instances, however, students may wish to make complaints against faculty members, administrators or against the College in situations that are not covered by a particular policy. The purpose of this Policy is to address some of those instances and to provide a process whereby current students can file a complaint with the College in circumstances where he or she feels that the matter cannot be resolved informally, including but not limited to:

- Complaints against faculty in academic settings;
- Complaints relating to other employees, contractors or vendors for misconduct or unprofessional behavior;
- Complaints in connection with student services such as billing, tuition and financial aid; or
- Complaints related to other College services such as food services, residential life, athletics and/or health and wellness.

II. Determination of Appropriate Procedure

If students have any question about the applicable procedure to follow for a particular complaint, they may at any time consult with the College’s Dean of Student Affairs, Provost, Executive Director of Human Resources, or Title IX Coordinator/Equity Compliance Specialist, who shall advise a student of the procedure that is applicable to the type of complaint the student has brought forward.

For complaints of sexual misconduct or other forms of discrimination against any Mercy College community member, including complaints relating to disabilities, or retaliation in connection with a complaint of discrimination, students should contact the College’s Title IX Coordinator/Equity Compliance Specialist at 914-674-7679 or visit: https://www.mercy.edu/about-mercy/title-ix. For complaints relating to grade disputes, students should refer to the Academic Appeals Policy found in the Student Handbook and Undergraduate and Graduate Catalogs.

Complaints can also be made about any member of the College community or about the College itself pursuant to the College’s Whistleblower Policy by filing a complaint online or by contacting 1-888-OK-MERCY (1-888-656-3729), for issues including but not limited to: fraud, theft, embezzlement; forgery, falsification/misrepresentation of reports; conflict of interest or ethics violations; computer fraud or data security breaches; disclosing confidential or proprietary information to unauthorized individuals (including FERPA and HIPAA protected information); identity theft; and environmental, health and safety violations; research or academic misconduct by faculty or staff.

III. Student Complaints About Faculty in Academic Settings

One area not generally covered by other policies concerns student complaints about faculty conduct in the classroom or other formal academic settings (unrelated to grade disputes or academic integrity violations). The College respects the academic freedom of the faculty and will not interfere with it as it relates to the content or style of teaching activities. Indeed, academic freedom is and should be of paramount importance. At the same time the College recognizes its responsibility to provide students with a procedure for addressing complaints about faculty treatment of students that are not protected by academic freedom and are not covered by other procedures. Such complaints might include unprofessional classroom behavior on the part of a faculty member.
A. **Informal Resolution.** Students are encouraged to attempt to resolve complaints informally with the faculty member or to seek the assistance of the academic unit head to facilitate informal resolution.

B. **Formal Complaint.** If informal resolution is unsuccessful, or if the student does not wish to pursue informal resolution, the student may file a written complaint with the academic unit head or, if the academic unit head is the subject of the complaint, with the school dean (referred to below as the “Fact Finder”). Only students in a faculty member’s class or present in another academic setting where the alleged conduct occurred may file complaints against that faculty member. The process for filing a complaint is as follows:

1. The complaint shall be filed within 30 calendar days of the alleged conduct unless there is good cause shown for delay, including but not limited to delay caused by an attempt at informal resolution. The complaint shall be as specific as possible in describing the conduct complained of against the faculty member.

2. The Fact Finder shall promptly send a copy to the faculty member about whom the complaint is made, along with a letter stating that the filing of the complaint does not imply that any wrongdoing has occurred and that a faculty member must not retaliate in any way against a student for having made a complaint. If either the student or the faculty member has reason to believe that the academic unit head may be biased or otherwise unable to deal with the complaint in a fair and objective manner (including if the academic unit head is the subject of the complaint) or if the academic unit head requests recusal because he or she is concerned about a potential conflict of interest (or appearance of such), a written request can be made to the school dean stating the reasons for that belief. If the request appears to have merit, that person may, in his or her sole discretion, replace the academic unit head with another academic unit head as the Fact Finder. If no other academic unit head is available or if the academic unit head assigned is not investigating the matter in a timely manner, the school dean may assign an administrator to investigate.

3. The Fact Finder shall meet with the complaining student and faculty member, either separately or together, to discuss the complaint and to try to resolve it. The Fact Finder may seek the assistance of the College’s Equity Compliance Specialist or other appropriate person to facilitate informal resolution.

4. If resolution is not possible, and the Fact Finder concludes that the facts alleged by the student, taken as true and viewed in the light most favorable to the student, establish that the conduct complained of is clearly protected by academic freedom, he or she shall issue a written report dismissing the complaint and setting forth the reasons for dismissal and send a copy to the complaining student, the faculty member, the Dean of Student Affairs and the Provost. The student may appeal the decision to the school dean, whose decision whether an investigation is warranted shall be final.

5. Otherwise, the Fact Finder shall conduct an investigation. The Fact Finder shall separately interview the complaining student, the faculty member and other persons with relevant knowledge and information and shall also consult with another appropriate College official if necessary. The Fact Finder shall not reveal the identity of the complaining student and the faculty member to others except to the extent necessary to conduct the investigation. If the Fact Finder believes it would be helpful, he or she may meet again with the student and/or faculty member after completing the investigation in an effort to resolve the matter.
6. In cases where there is strong preliminary evidence that a student’s complaint is meritorious and that the student may suffer immediate and irreparable harm, the Fact Finder may provide appropriate interim relief to the complaining student pending the completion of the investigation. The affected faculty member may appeal such interim relief to the Provost.

7. At the end of the investigation, the Fact Finder shall issue a written report setting forth his or her findings and recommendations, with particular focus on whether the conduct in question is protected by academic freedom, and send a copy to the complaining student, the faculty member, the Provost and the Dean of Student Affairs. In ordinary cases, it is expected that the investigation and written report should be completed within 30 calendar days of the date the complaint was filed.

IV. Complaints Relating to College Employees, Student Services or other College Services

In addition to complaints about faculty in the academic setting, students may wish to file a complaint about other issues or concerns that they may have relating to employees of the College or services provided by the College. Some examples of those complaints could be:

- Unprofessional behavior or misconduct on the part of an employee (other than a faculty member in the classroom), a contractor or a vendor. In all such cases, a complaint should be made in writing to the Office of Human Resources.

- Issues in connection with student services including but not limited to student billing, tuition, financial aid and student records. In these cases, a complaint should be made in writing to the Office of the Vice President for Enrollment Services.

- Issues in connection with other College services including but not limited to food services, residential life, athletics and health and wellness. In these cases, a complaint should be made in writing to the Office of the Dean of Student Affairs.

For such complaints, the following procedure shall apply:

A. Informal Resolution. Students are encouraged to attempt to resolve complaints informally by discussing the matter with the employee or relevant office.

B. Formal Complaint. If the informal resolution is unsuccessful, or if the student does not wish to pursue informal resolution, the student may file a written complaint with the following offices:

- Vice President for Enrollment Services for issues relating to student billing, tuition, financial aid or student records for example;
- Dean of Student Affairs for issues relating to food services, residential life, athletics and health and wellness for example; and
- Human Resources for all other issues including those relating to employee, vendor or contractor behavior or misconduct.

The Vice President for Enrollment Services, the Dean of Student Affairs and the Executive Director of Human Resources shall thereafter designate an employee from his/her respective office to handle the complaint (referred to as the “Fact Finder” below).

1. The complaint shall be filed within 30 calendar days of the alleged conduct unless there is good cause shown for delay, including but not limited to delay caused by an attempt at informal resolution. The complaint shall be as specific as possible in describing the issue complained of.
2. The Fact Finder shall review the complaint as well as any relevant paperwork. If the Fact Finder concludes that the complaint does not warrant any action, he or she shall issue a written report dismissing the complaint and setting forth the reasons for dismissal and send a copy to the complaining student. In such cases, the student can appeal to the next level manager, whose decision shall be final.

3. Otherwise, the Fact Finder shall conduct an investigation. The Fact Finder shall separately interview the complaining student, the employee if there is an accusation against her/him, and other persons with relevant knowledge and information, and shall also consult with the Dean of Student Affairs or other College official as may be appropriate. The Fact Finder shall not reveal the identity of the complaining student to others except to the extent necessary to conduct the investigation.

4. In cases where there is strong preliminary evidence that a student’s complaint is meritorious and that the student may suffer immediate and irreparable harm, the Fact Finder may provide appropriate interim relief to the complaining student pending the completion of the investigation.

5. At the end of the investigation, the Fact Finder shall issue a written report setting forth his or her findings and recommendations and send a copy to the complaining student and employee who is the subject of the complaint. In ordinary cases, it is expected that the investigation and written report should be completed within 30 calendar days of the date the complaint was filed.

V. Appeals Procedure for Student Complaints Under this Policy

If a student is not satisfied with the report of a Fact Finder after an investigation is conducted in accordance with Sections III or IV above, or if a faculty member or employee who is the subject of a complaint pursuant to Section III above is not satisfied with the report, she or he may file a written appeal to the Chief Student Affairs Officer within 10 calendar days of receiving the report, which time period may be extended for good cause shown. The Chief Student Affairs Officer shall convene and serve as the chairperson of an Appeals Committee in all cases except where the Student Affairs Office is directly involved in an investigation. In the latter cases, the Vice President for Enrollment Services shall convene the Appeals Committee and serve as chairperson.

The Appeals Committee shall also include one administrator, two faculty members and one student (a member of student government or its designee) appointed by the chairperson. The Appeals Committee shall review the findings and recommendations of the report, (with particular focus on whether the conduct in question is protected by academic freedom in faculty cases). The Appeals Committee shall not conduct a new factual investigation or overturn any factual findings contained in the report unless they are clearly erroneous. If the Appeals Committee decides to reverse the Fact Finder in a case where there has not been an investigation because the Fact Finder erroneously found that the alleged conduct was protected by academic freedom, it may remand to the Fact Finder for further investigation. The committee shall issue a written decision within 20 calendar days of receiving the appeal. A copy of the decision shall be sent to the student, the employee or faculty member who is the subject of the complaint, the academic unit head or relevant employee manager, or and the relevant staff officer or area of the College if that area is the subject of the complaint.
VI. Subsequent Action

Following the completion of these procedures, the appropriate College official shall decide the appropriate action, if any, to take. For example, the academic unit head may decide to place a report in a faculty member or employee’s personnel file or the school dean or employee’s manager may bring disciplinary charges against the faculty member or employee. Disciplinary charges may also be brought in extremely serious cases even though the College has not completed the entire investigative process described above; in that case, the bringing of disciplinary charges shall automatically suspend that process. Any action taken by the College, whether interim or final, must comply with all College policies, procedures, handbooks and collective bargaining agreements.

VII. Tracking Student Complaints

All Fact Finders who receive any complaint pursuant to this Policy, in addition to any report that may be generated due to an investigation, are required to keep a record of the complaint, including the following relevant information: date(s) of the incident, nature of the complaint, parties involved (witnesses and faculty/employee who is the subject of the complaint), and resolution (whether by informal means or after investigation). All Fact Finders will be required to keep the records in a database as instructed by the College’s General Counsel.

Mercy College Students’ Bill of Rights ................................................... Appendix A
Mercy College Sexual Resource List ...................................................... Appendix B
I. Policy Statement
Every member of the Mercy College community, including students, employees, contractors, vendors and visitors, deserves the opportunity to live, learn and work free from sexual harassment, gender-based harassment, and sexual violence. Accordingly, Mercy is committed to:

1) Defining conduct that constitutes prohibited sexual harassment, gender-based harassment and sexual violence;

2) Providing clear guidelines for students, employees, contractors, vendors and visitors on how to report incidents of sexual harassment, gender-based harassment and sexual violence and a commitment that complaints will be handled respectfully;

3) Promptly responding to and investigating allegations of sexual harassment, gender-based harassment and sexual violence, pursuing disciplinary action when appropriate, referring the incident to law enforcement when appropriate, and taking action to investigate and address any allegations of retaliation;

4) Providing ongoing assistance and support to students and employees who make allegations of sexual harassment, gender-based harassment and sexual violence;

5) Providing all individuals involved in a complaint relating to sexual harassment, gender-based harassment and sexual violence with information regarding where and how to obtain supportive service both on and off-campus, as well as their rights under federal law, state law and Mercy policy, including filing a complaint with the College as well as with external agencies;

6) Providing awareness and prevention information on sexual harassment, gender-based harassment and sexual violence, including widely disseminating this policy, as well as a “students’ bill of rights”, disseminating information on resources available both on campus and locally, and implementing training and educational programs on sexual harassment, gender-based harassment and sexual violence to College constituencies.

7) Gathering and analyzing information and data that will be reviewed in order to improve safety, reporting, responsiveness and the resolution of incidents.

II. Prohibited Conduct

A. Sexual Harassment, Gender-Based Harassment and Sexual Violence.

This policy prohibits sexual harassment, gender-based harassment and sexual violence (together “sexual misconduct”) against any Mercy College student, employee, contractor, vendor or visitor.

Sexual Harassment includes unwelcome conduct of a sexual nature, such as unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, graphic and electronic communications or physical conduct that is sufficiently severe and pervasive to adversely affect an individual’s participation in employment, education or other Mercy College activities.

Gender-based harassment is unwelcome conduct of a nonsexual nature based on an individual’s actual or perceived sex, including conduct based on gender identity, gender expression, and nonconformity with gender stereotypes that is sufficiently severe and pervasive to adversely affect an individual’s participation in employment, education or other Mercy College activities.

Sexual violence is an umbrella term that includes: (1) sexual activity without affirmative consent, such as
sexual assault, rape/attempted rape, and forcible touching/fondling; (2) dating, domestic and intimate partner violence; and (3) stalking/cyberstalking (“stalking”).

B. Retaliation.

This policy prohibits retaliation against any person who reports sexual harassment, gender-based harassment or sexual violence, assists someone making such a report, or participates in any manner in an investigation or resolution of a sexual harassment, gender-based harassment or sexual violence complaint.

The complete definitions of these terms, as well as other key terms used in this policy, are set forth in Section XI below.

III. Applicability

This Policy applies:

1) To all persons regardless of race, color, national origin, religion, creed, age, disability, sex, gender identity or expression, sexual orientation, familial status, pregnancy, predisposing genetic characteristics, military status, domestic violence victim status, or criminal conviction.

2) To all members of the College community, including students, employees, contractors, vendors and visitors.

3) Regardless of whether the incident of sexual misconduct occurred on campus or off-campus if the incident involves a Mercy College student or employee.

IV. Title IX Coordinator

Mercy College has designated an employee as the “Title IX Coordinator.” This employee is responsible for compliance with Title IX of the Education Amendments of 1972, which prohibits sex discrimination in education programs. The Title IX Coordinator has overall responsibility for implementing this policy, including by not limited to:

1) Receiving all complaints that are not strictly confidential;
2) Overseeing the investigation of complaints;
3) Ensuring all persons involved in a complaint are advised of their rights, in writing, under state and federal laws, and this policy;
4) Ensuring investigations are handled in a prompt and thorough manner, maintaining confidentiality when requested and where appropriate, and offering privacy for all persons involved to the greatest extent possible;
5) Keeping the College President and other appropriate senior administrators abreast of ongoing investigations, including findings of misconduct and penalties to be imposed under this policy;
6) Ensuring appropriate student education and staff training is conducted;
7) Ensuring a campus climate assessment is conducted in accordance with relevant law; and
8) Ensuring the College’s compliance with federal and state reporting obligations.
V. Immediate Assistance in Cases of Sexual Violence

A. Reporting to Law Enforcement
Students or employees who experience or observe any form of sexual violence on or off-campus (including Mercy College sponsored trips or events and students) are strongly encouraged to immediately report the incident by calling 911, contacting their local police department, state police, or contacting Mercy College Office of Safety and Security which is available 24-hours a day, 7 days a week at 914-674-9999 (or x 9999). The College shall have an appropriately trained employee available at all times to provide the complainant with information regarding options to proceed, including information regarding the criminal justice process and the preservation of evidence. College Safety and Security officers can also assist the complainant with filing a complaint both on and off-campus, and in obtaining immediate medical attention and other services.

B. Obtaining Immediate Medical Attention and Emotional Support
Mercy College is committed to assisting anyone who experiences sexual violence to seek comprehensive medical attention as soon as possible to treat injuries, obtain preventative treatment for sexually transmitted diseases, and preserve evidence, among other things. For rapes in particular, immediate treatment and the preservation of evidence of the incident are crucial for many reasons, including facilitating an investigation if the complainant decides to file a criminal complaint. In addition, individuals who have experienced or witnessed sexual violence are encouraged to seek emotional support as soon as possible, either on or off-campus.

On-campus resources, at no cost to students, include a nurse/nurse practitioner and registered nurses at the Dobbs Ferry campus and licensed mental health counselors at the Dobbs Ferry, Bronx and Manhattan campuses, through the Health and Wellness Center. Students at the Yorktown Heights campus can call x 9999 to seek assistance in obtaining immediate services, either locally or at other Mercy campuses.

Appendix B provides a list of emergency contacts and resources, including rape crisis centers, anonymous and confidential reporting hotlines, mental health counseling, victim advocacy services, legal assistance, and visa immigration services available throughout Westchester County and New York City. This list also includes a designation of which local hospitals are designated as SAFE (Sexual Assault Forensic Examination) or FACT (Forensic Acute Care Team) hospitals, which are specially equipped to handle rapes, including the gathering of evidence.

IV. Reporting Sexual Harassment, Gender-Based Harassment or Sexual Violence to Mercy College
Mercy College encourages individuals who have experienced sexual harassment, gender-based harassment or sexual violence (referred in this policy as “complainants”) to report the incident(s) to campus authorities, even if it the incident has already been reported to outside law enforcement authorities, and regardless of whether the incident took place on or off-campus (including “study abroad” programs.) Such reporting will enable complainants to get the support they need, and provide the College with the information it needs to take appropriate action. After a report is made, the College shall inform the individual of her/his legal rights, including but not limited to those listed in Appendix A.

A. Filing a Complaint with Campus Authorities

1) Students. Students who experience sexual harassment, gender-based harassment or sexual violence should bring their complaint to one of the following campus officials/offices:
   - Title IX Coordinator;
   - Office of Safety and Security;
   - Dean of Student Affairs;
   - Residence Life staff.
2) **Employees, Contractors, Vendors and Visitors.** Employees who experience sexual harassment, gender-based harassment and sexual violence on or off-campus, and contractors, vendors or visitors who experience sexual harassment, gender-based harassment and sexual violence on a Mercy College campus or affiliated location, should bring their complaint to one of the following campus officials/offices:

- Title IX Coordinator;
- Office of Safety and Security
- Department of Human Resources

Once any of the campus authorities or offices above is notified of an incident of sexual harassment, gender-based harassment and sexual violence, she/he will immediately contact the Title IX Coordinator and shall coordinate with the appropriate College office(s) to address the matter in accordance with this policy, including taking appropriate interim and supportive measures. The individuals receive a complaint will maintain a complainant’s privacy to the greatest extent possible, and all information in connection with the complaint, including the identities of the complainant and the respondent, will be shared only with those who have a legitimate need for the information.

**B. Support Assistance for Complainants**

Upon receipt of a complaint, the Title IX Coordinator will provide written notification to the complainant about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, among other services available to the complainant, available through the College as well as community resources as set forth in Appendix B.

In addition, the following support assistance will be provided:

1) **Students.** When the Title IX Coordinator receives a complaint of sexual harassment, gender-based harassment or sexual violence from a student, she/he will work with the Dean of Student Affairs to identify a trained staff member to assist the complainant with support services.

2) **Employees.** When the Title IX Coordinator receives a complaint of sexual harassment, gender-based harassment and sexual violence from an employee, she/he will work with the Office of Human Resources to assist the complainant with support services.

**C. Amnesty for Alcohol and/or Drug Use**

The health and safety of every student at Mercy College is of the utmost importance. Mercy recognizes that students who have been drinking and/or using drugs at the time that sexual harassment, gender-based harassment or sexual violence occurs may be hesitant to report such incidents due to fear of potential consequences for their own conduct. Mercy College strongly encourages students to report incidents of sexual harassment, gender-based harassment or sexual violence. Therefore, a complainant or bystander acting in good faith who reports any incident of sexual harassment, gender-based harassment or sexual violence to Mercy College or law enforcement authorities will not be subject to the College’s Code of Conduct for violations of Mercy’s Drug and Alcohol Use Policy occurring at or near the time of the commission of the sexual harassment, gender-based harassment or sexual violence.

**D. Reporting Retaliation**

Any individual who believes she/he has been retaliated against for making a report under this Policy, assisting someone making a report, or participating in any manner in an investigation or resolution of a sexual harassment, gender-based harassment or sexual violence complaint may file a complaint with the
Title IX Coordinator. All retaliation complaints will be investigated in accordance with the investigation procedures set forth in this policy, and individuals who are found to have engaged in retaliation will be subject to disciplinary action.

E. Malicious Allegations

Members of the Mercy College community who make false and malicious complaints of sexual harassment, gender-based harassment or sexual violence, as opposed to complaints which, even if erroneous, are made in good-faith, may be subject to disciplinary action under this policy.

F. Employees Required to Report Incidents of Sexual Harassment, Gender-Based Harassment and Sexual Violence

The College has designated certain employees as “responsible employees” who have a duty to report incidents of sexual harassment, gender-based harassment and sexual violence, including all details of which they become aware, immediately to the Title IX Coordinator. Such employees are not permitted under any circumstances to maintain a complainant’s confidentiality, except that the Title IX Coordinator may honor a request for confidentiality under the circumstances described in Section V. below. However, these employees will maintain a complainant’s privacy to the greatest extent possible, and information reported to them will be shared only with the Title IX Coordinator, the responsible employee’s supervisor, and other people responsible for handling the College’s response to the report.

Before a complainant reveals any information to a responsible employee regarding an incident of sexual harassment, gender-based harassment and sexual violence, the employee shall advise the complainant of the employee’s reporting obligations—and if the complainant wishes to maintain confidentiality, direct the complainant to confidential resources at the Health and Wellness Center.

Mercy College has designated the following individuals as “responsible employees”:

1) Safety and Security staff
2) Student Affairs staff (with the exception of Health and Wellness staff and work-study students).
   Student Affairs staff includes, but is not limited to employees in the following offices:
   ● Residence Life
   ● Athletics
   ● PACT
   ● College Opportunity Program
   ● Admissions
   ● Enrollment Services
   ● Career Services
   ● ACCESSibility
3) Human Resources staff
4) Provost’s Office staff
5) Deans and Academic Unit Heads
6) Managers
7) President’s Office staff
8) Senior College Administrators, including Vice Presidents
9) General Counsel’s staff
Even in cases where a complainant requests confidentiality, the responsible employee nonetheless must report the incident to the Title IX Coordinator. See Section V.B. regarding the College’s obligations in handling requests for confidentiality.

G. Reporting and Other Actions by Bystanders/Community Members

While those designated as “responsible employees” are required reporters pursuant to this policy, Mercy encourages all other community members, including other employees, students, contractors, vendors and visitors to report incidents of sexual harassment, gender-based harassment or sexual violence that they observe or become aware of to the Title IX Coordinator or other campus authority so that the College may take appropriate steps to eliminate the alleged discrimination and assist a complainant in obtaining the appropriate supportive measures she/he needs. Community members who choose to exercise this positive moral obligation will be supported by the College and shall be protected from retaliation. The College also encourages bystanders who witness sexual harassment, gender-based harassment or sexual violence to take reasonable and prudent actions to prevent or stop the conduct. Taking action may include direct intervention, calling law enforcement, or seeking assistance from a person in authority.

H. Coordination with Outside Law Enforcement Authorities

In cases where the complainant files a complaint with outside law enforcement authorities as well as with the College, the College shall determine what actions to take based on its own investigation. The College may coordinate with outside law enforcement authorities in order to avoid interfering with their activities and, where possible, to obtain information regarding their investigation. Neither a law enforcement determination whether to prosecute a respondent, nor the outcome of any criminal prosecution, is dispositive of whether the respondent has committed a violation of this policy.

V. Rights and Obligations Relating to Confidentiality

A. Confidential Resources

1) **Students.** Students at the College who wish to speak to someone who will keep all of the communications strictly confidential regarding sexual harassment, gender-based harassment and sexual violence should speak to a mental health counselor and/or nurse/nurse practitioner at the College’s Health and Wellness Center. Mental health counselors and nurse/nurse practitioners will not report any information about an incident to College officials without the student’s permission, except where there is an imminent threat to the complainant or any other person, or pursuant to legal reporting obligations, set forth in Section VI below.

   A student who speaks solely to a mental health counselor and/or a nurse/nurse practitioner must understand that the College may be unable to conduct an investigation into the particular incident or pursue disciplinary action against the respondent. Even so, these health care professionals will assist the student in receiving other necessary support. A student who first requests confidentiality may later decide to file a complaint with the school or report the incident to local law enforcement authorities and thereafter have the incident fully investigated (although a delay, even slight, may hinder an investigation by the College or law enforcement authorities.)

2) **Employees.** While there is no one directly employed by the College to whom employees can speak on a confidential basis regarding sexual harassment, gender-based harassment or sexual violence, free confidential support services are available through Mercy’s Employee Assistance Program (EAP), which is listed on the Benefits Focus website. Confidential community counseling resources are also available throughout Westchester County and New York City. See Appendix B.
B. Handling Confidentiality Requests After a Report Has Been Received by the College

After a report of an alleged incident of sexual harassment, gender-based harassment or sexual violence has been received by the Title IX Coordinator, a complainant may request that the matter be investigated without her/his identity or any details regarding the incident be divulged further, or that no investigation into a particular incident be conducted or than an incident not be reported to outside law enforcement authorities.

In all such cases, the Title IX Coordinator will weigh the complainant’s request against the College’s obligation to provide a safe, non-discriminatory environment for all College community members, including the complainant. Factors used to determine whether to honor such a request include, but are not limited to:

1) Whether the respondent has a history of violent behavior or is a repeat offender;
2) Whether the incident represents escalation in unlawful conduct on behalf of the respondent from previously noted behavior;
3) The increased risk that the respondent will commit additional acts of violence;
4) Whether the respondent used a weapon of force;
5) Whether the complainant is a minor; and
6) Whether the College possesses other means to obtain evidence such as video surveillance, and whether available information reveals a pattern of perpetration at a given location or by a particular group.

In cases where a complainant requests confidentiality and the College is able to honor that request, the College will take all reasonable steps to limit the effects of the alleged sexual harassment, gender-based harassment or sexual violence and prevent its recurrence consistent with the request for confidentiality. The College shall assist the complainant with academic, housing, transportation, employment and other reasonable and available accommodations regardless of her/his reporting choices. Such individuals are advised, however, that the College’s ability to meaningfully investigate the incident and pursue disciplinary action may be limited.

C. Reporting Obligations Under Federal and State Law

Regardless of a request for confidentiality, the College is required to abide by laws mandating disclosures in the following circumstances:

1) Annual crime statistics. The College must report certain crimes occurring in specific geographic locations that shall be included in the College’s annual security report pursuant to the Clery Act, though it is anonymous, and does not identify either the specifics of the crime or the identity of the complainant.

2) Timely warnings. The College is also required to issue timely warnings of crimes enumerated in the Clery Act occurring within relevant geography that represent a serious or continuing threat to students and employees, except in those circumstances where issuing such a warning may compromise current law enforcement efforts or when the warning itself could potentially identify the reporting individual. The complainant will not be identified in the timely warning.

3) NYS Campus Safety Act. The College must notify the appropriate law enforcement agency as soon as practicable but in no case more than twenty-four hours after report of a violent felony or student who resides in housing owned or operated by such institution is missing; provided that such reporting requirement shall take into consideration applicable federal law, including, but not limited
to, the federal Campus Sexual Assault Victims' Bill of Rights under Title 20 U.S. Code Section 1092(f) which gives the victim of a sexual offense the right on whether or not to report such offense to local law enforcement agencies.

4) **Notice to parents.** While the Family Educational Rights and Privacy Act (FERPA) allows the College to share information with parents when i) there is a health and safety emergency, or ii) when the student is a dependent on either parent’s prior year federal income tax return, under New York State law the College is **not permitted** to share information about a report of domestic violence and dating violence, stalking or sexual assault with parents without the permission of the complainant.

5) **Suspected Child Abuse.** Certain members of the Mercy College community who interact with, supervise, chaperone, or otherwise oversee minors in programs or activities at Mercy or sponsored by Mercy (such as those in a clinical setting) are required to report immediately to the New York State Maltreatment Hotline at 1-800-342-3720 if they have reasonable cause to suspect abuse or maltreatment of individuals under the age of 18. If anyone other than New York State mandated reporters has reasonable cause to believe that a minor is being or has been abused or maltreated on campus, she/he should notify either the Title IX Coordinator or the College Safety and Security Department. If any community member witnesses child abuse while it is happening, she/he shall immediately call 911.

**VI. Interim Protective Measures and Accommodations**

The College will take immediate steps to protect the complainant in the educational and employment setting, as well as the campus community at large, including taking interim protective measures and provide accommodations, as appropriate, during an investigation. The complainant will be informed in writing of such interim protective measures and accommodations, which may include, among other things:

**A) No contact orders on campus**

1) Issuing a “no contact order” between the complainant and the respondent. Continued intentional contact with a complainant would be a violation of this policy subject to additional conduct charges.

2) If the respondent and a complainant observe each other in a public place, it shall be the responsibility of the respondent to leave the area immediately and without directly contacting the complainant.

3) Establishing an appropriate schedule for the respondents to access applicable College buildings and property at a time when such buildings and property are not being accessed by the complainant under certain circumstances;

**B) Orders of protection through law enforcement authorities**

1) Providing the complainant with assistance in obtaining an order of protection (or if outside New York, and equivalent protective or restraining order);

2) Providing a copy of the order the College may receive to the complainant and having an individual on campus who has knowledge, explain the order and answer any questions about it, including information from the order about the respondent’s responsibility to stay away from the protected person or persons;
3) Providing an explanation of the consequences for violating these orders, including but not limited to arrest, additional disciplinary charges, and interim suspension.

4) Receiving assistance from the College Office of Safety and Security in contacting local law enforcement to effect an arrest for violating such order;

5) Making necessary changes to academic programs, including a change in class schedule, making appropriate accommodations to permit the complainant to take an incomplete or drop a course or courses without penalty, permitting the reporting individual to attend a class via skype or other alternative means, providing an academic tutor, or extending deadlines for assignments;

6) Addressing situations in which it appears that a complainant’s academic progress is impacted by the alleged incident;

7) Making necessary changes to residential housing situations;

8) Changing an employee’s work assignment or schedule;

9) Providing the complainant an escort to and from class or campus office;

10) Offering counseling services to the complainant and the respondent, through the Health and Wellness Center or a referral to an off-campus agency; and/or

11) Providing the complainant assistance with filing a criminal complaint.

Such protective measures, including “no contact” orders, will remain in place and supportive services will be provided for as long as necessitated during and after any investigation, though protective measures may be adjusted based on the findings after an investigation. Both the respondent and the complainant shall, upon request be afforded a prompt review, reasonable under the circumstances, of the need for and terms of any such interim measure and accommodation that directly affects her/him, and shall be allowed to submit evidence in support of her/his request. The request for such a review shall be made to the Dean of Student Affairs if either the complainant or respondent is a student, or to the College’s Executive Director of Human Resources if both the respondent and complainant are employees.

VII. Investigating Complaints of Sexual Misconduct

If College becomes aware that sexual misconduct may have been committed against a student, employee, contractor, vendor or visitor, or by a student or employee, and determines that an investigation is required, it shall notify the reporting individual and take immediate steps to protect the complainant, prevent recurrence of the sexual harassment or sexual violence, and correct its effects on the complainant and others. The College will take also steps needed to ensure that it provides a prompt, fair, and impartial process from the initial investigation to the final result.

A. The Investigation

Once the Title IX Coordinator determines that an investigation is warranted, she/he will ensure the investigation is conducted in a timely, thorough and impartial manner that provides the complainant and accused/respondent a meaningful opportunity to be heard. The Title IX Coordinator will coordinate investigative efforts with other College offices, and may designate another trained individual to conduct all or part of the investigation. The investigation shall be conducted by an individual who has received
annual training in conducting investigations of sexual violence, the effects of trauma, impartiality, the rights of the respondent, including the right to a presumption that the respondent is “not responsible” until a finding of responsibility is made.

Complainants and respondents shall have the following rights during the investigation:

1) An opportunity to offer evidence during an investigation, and to review and present available evidence in the case file, or otherwise in possession and control of the College and relevant to the case;

2) To have charges filed against the respondent indicating: the alleged prohibited conduct committed, approximate date, time and location of occurrence, the factual allegations concerning the alleged violation, and possible sanctions;

3) To receive written or electronic notice, provided in advance, of any meeting they are required or eligible to attend, of the policy the respondent is alleged to have violated and in what manner, and the sanction(s) that may be imposed on the respondent based upon the outcome of the conduct process.

4) To be accompanied by a confidential advisor of choice (including an attorney) who may assist and advise the respondent and reporting individual throughout the investigative and appeal process including during all meetings related to these processes.

5) To exclude their own prior sexual history with persons other than the other party in the process or their own mental health diagnosis and/or treatment from admittance in the stage of the process that determines responsibility. Past finding of domestic violence and dating violence, stalking or sexual assault may be admissible in the stage of the process where sanction is determined.

6) To make an impact statement during the point of the proceeding where the decision maker is deliberating on appropriate sanctions.

B. Conflicts

If any administrator designated by this policy to participate in the investigation or resolution of a complaint (including but not limited to the Title IX Coordinator) is the respondent, or there exists a conflict for any other reason such as knowledge of the complainant and/or the respondent, the President will appoint another College administrator to perform such person’s duties under this policy. If the President is the respondent, the investigation will be handled by the College’s General Counsel or her/his designee.

C. Mediation

While mediation is not permitted in cases where sexual violence is alleged, it may be appropriate where sexual harassment or gender-based harassment allegations have been made by a student or employee but there is no allegation of sexual violence. Mediation is a process whereby the parties can participate in a search for fair and workable solutions. Mediation requires the consent of both the complainant and the respondent, but does not require the complainant and the respondent to meet face-to-face. Either party, however, has the right to end the mediation at any time and proceed with the investigation process. A respondent who is covered by a collective bargaining agreement may consult with and have a union representative present at any mediation session.
D. Admission and Acceptance of Penalty Prior to Finding

At any time prior to a finding of misconduct, the respondent may admit to the charges and accept the penalty that the Dean of Student Affairs or designee determines to be appropriate to address the misconduct. This agreed upon penalty shall be placed on the respondent’s transcript consistent with Section IX A. 3) below. Before resolving a complaint in this manner, the Dean of Student Affairs must first consult with the complainant and provide the complainant an opportunity to object to the proposed resolution, orally and/or in writing. If a resolution is reached over the complainant’s objection, the Dean of Student Affairs or designee shall provide the complainant with a written statement of reasons supporting such resolution, and the complainant may appeal the decision to enter into the resolution to the Title IX Appeals Panel.

E. Timing

The College will make every reasonable effort to ensure that the investigation and resolution of a complaint occurs are carried out as timely and efficiently as possible. However, the College may need to temporarily delay the fact-finding portion of its investigation during the evidence-gathering phase of a law enforcement investigation. While some complaints may require extensive investigation, whenever possible, the investigation of complaints should be completed within sixty (60) calendar days of the receipt of the complaint. If there is a delay in completing the investigation, the Title IX Coordinator shall notify the complainant and the accused/respondent in writing and shall keep the parties continuously abreast of timing issues.

F. Report of Findings

Following the completion of the investigation, the Title IX Coordinator or her/his designee will report the findings to the Dean of Student Affairs if the respondent is a student, the Provost if the respondent is a faculty member, or to the Executive Director of Human Resources if the respondent is an employee other than a faculty member.

VIII. Disciplinary Action

The appropriate College official (i.e. the Dean of Student Affairs, Provost or Executive Director of Human Resources) will review the investigation report. When it is determined that, by a preponderance of the evidence, a violation of this policy has occurred, she/he shall authorize such action as she/he deems necessary to properly correct the effects of or to prevent further harm to an affected party or others similarly situated. The College official shall apprise the President of the College of the findings of any investigation, as well as the recommended sanction(s) to be imposed.

A. Discipline Against Students

1) Rights

In cases where it is recommended that discipline be imposed against an accused/respondent who is a student, the respondent and complainant shall be entitled to the following process and rights:

a) To receive simultaneous (among the parties) written or electronic notice of the findings of fact, the decision and the sanction, if any, as well as the rationale for the decision and the sanction (notice shall go to the next of kin if the complainant is deceased);

b) To choose whether to disclose or discuss the outcome of the conduct process.
c) To appeal the findings and/or sanction to the Title IX Review Panel that is fair and impartial and does not include individuals with a conflict of interest. Members of this three-person appeal panel shall be specially trained in hearing such cases, including the effects of trauma. Notice of the appeals finding shall be sent by electronic or written form, simultaneously to the parties.

d) To have all information obtained during the course of the conduct process be protected from public release until the appeals panel makes a final determination unless otherwise required by law.

2) Penalties

The range of penalties against a student found to have committed a violation of this Policy include, but are not limited to: removal from housing, removal from a sports team or other school activity, suspension or expulsion.

3) Interim Suspensions

When the respondent is a student who presents a continuing threat to the health and safety of the community, the College shall subject the respondent to interim suspension pending the outcome of the conduct process. Both the respondent and the complainant shall, upon request, be afforded a prompt review by the Dean of Student Affairs, reasonable under the circumstances, of the need for and terms of an interim suspension, including potential modification, and shall be allowed to submit evidence in support of her/his request.

4) Notations on Transcripts

In cases in which a respondent has been found responsible for committing a Clery Act reportable crime of violence, the College shall make a notation on her/his transcript stating that she/he was “suspended after a finding of responsibility for a code of conduct violation.” or “expelled after a finding of responsibility for a code of conduct violation.” For the respondent who withdraws from the College while such conduct charges are pending, and declines to complete the disciplinary process, the College shall make a notation on the transcript of such students that they “withdrew with conduct charges pending.” Such notation shall not be removed prior to one year after conclusion of the suspension, while notations for expulsion shall not be removed. If a finding of responsibility is vacated for any reason, such as after an appeal to the Title IX Appeals Panel, any such transcript notation shall be removed.

5) FERPA

Nothing in this policy, including notice regarding the results of the disciplinary process, violates the Family Educational Rights and Privacy Act (FERPA), including any initial, interim and final decision (and the rationale) by a College official entitled to resolve student disciplinary matters.

B. Discipline Against Employees

In cases where an employee is accused of sexual harassment, gender-based harassment or sexual violence, the matter will be referred for disciplinary action in accordance with applicable Mercy handbooks, policies, rules and/or collective bargaining agreements. Penalties for employees who are found to violate this policy may include, but are not limited to: reprimand, suspension or termination of employment following the relevant disciplinary procedures, if applicable. An employee who presents a continuing threat to the health and safety of the community will be subjected
to an interim suspension pending the outcome of any disciplinary action, in accordance with applicable Mercy College handbooks, policies, rules and/or collective bargaining agreements.

C. **Action Against Contractors, Vendors or Visitors**

In cases where the person accused of sexual harassment, gender-based harassment or sexual violence is neither a Mercy student nor a Mercy employee, the College will take appropriate action, such as restricting her/his access to campus. In addition, the matter will be referred to local law enforcement authorities in appropriate circumstances and consistent with this policy.

D. **No Disciplinary Action**

In cases where a determination is made not to bring disciplinary action, the Title IX Coordinator will inform the complainant and the respondent of that decision contemporaneously, in writing, and will offer counseling or other support services to both the complainant and the respondent.

IX. **Consensual Relationships**

Sexual harassment may be at issue even in relationships that begin as consensual ones. In particular, such relationships can be problematic when one person in the relationship is, or could be perceived to be, in a position of institutional authority relative to the other person. In order to avoid that possibility, it is the policy of the College that any relationship in which one person has, or reasonably could be perceived to have, institutional authority over another member of the College community must be disclosed as follows, so that the matter may be addressed as appropriate under the circumstances. Any faculty member who is or becomes a party to a consensual relationship with a student—regardless of whether the student is in the faculty member’s class—must disclose that relationship to the Associate Provost or their School Dean. Any non-faculty College employee who is or become a party to a consensual relationship with any student must disclose that relationship to the Office of Human Resources. Any employee (faculty member or otherwise) who is in a relationship with another employee with someone for whom they supervise, must disclose the relationship to the Office of Human Resources.

X. **Filing External Complaints**

Complainants have the right at any time to file complaints with the Office for Civil Rights (“OCR”) of the U.S. Department of Education, alleging violations of Title IX, and to file complaints with other appropriate agencies alleging violations of other federal, state or local laws, such as the New York State Division of Human Rights. Contact information for OCR, the New York State Division of Human Rights, and other relevant agencies is set forth in Appendix B.

XI. **Additional College Obligations Under this Policy**

In addition to addressing possible violations of this Policy, Mercy College has the following obligations:

A. **Dissemination of Policies, Procedures and Notices.**

The Title IX Coordinator, in coordination with the Office of Student Affairs, Office of Safety and Security, the Office of Human Resources and other applicable offices, is responsible for the wide dissemination of the following: (i) this policy; (ii) Mercy’s Notice of Nondiscrimination; (iii) the Title IX Coordinator’s name, phone number, office location, and email address; and (iv) contact information for the Office of Safety and Security.
Such dissemination shall include posting the documents and information on the college website and including it in any student or employee handbooks and in resident life materials. In addition, the Students’ Bill of Rights, which is appended to and made a part of this policy, must be distributed to any individual reporting an incident of sexual harassment, gender-based harassment or sexual violence at the time the report is made. It must also be distributed annually to all students. All of the above information shall be posted on the College Title IX website in an easily accessible manner to the public, posted in campus residence halls and campus centers, and shall include links or information to file a report and seek a response.

B. Student Educational Programming
The Title IX Coordinator, in coordination with the Office of Student Affairs, Office of Safety and Security, the Office of Human Resources and other applicable offices, is responsible for ensuring that the College engages in a comprehensive student orientation and ongoing education campaign, using multiple methods, to educate members of the College community about sexual misconduct, including domestic violence, dating violence, stalking and sexual assault. The programming shall: 1) be culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs and informed by research or assessed for value, effectiveness, or outcome; and 2) consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community, and societal levels. Some of the information to be imparted shall include, but not be limited to:

1) All of the information contained in this Policy, including: prohibited conduct, resources offered while the College takes administrative and/or conduct action against an accused; that College policies apply equally to all students regardless of sexual orientation, gender identity or gender expression; the role of relevant College officials relating to this Policy; and the consequences and sanctions for individuals who commit these crimes and code of conduct violations;

2) Awareness of violence, its impact on victims and survivors and their friends and family, and its long-term impact (without identifying victims in any way.)

3) Bystander intervention and the importance of taking action to prevent violence when one can safely do so;

4) Risk assessment and reduction including, but not limited to, steps that potential victims, perpetrators, and bystanders can take to lower the incidence of violations, which may contain information about the dangers of drug and alcohol use, including underage drinking and binge drinking, involuntary consumption of incapacitating drugs and the danger of mislabeled drugs and alcohol, the importance of communication with trusted friends and family whether on campus or off campus, and the availability of College officials who can answer general or specific questions about risk reduction.

a) Required educational programming
The College shall provide such educational programming:

1) To all new students, whether first-year, or transfer, undergraduate, graduate or professional;

2) To each student leader and officer of student organizations recognized by the College, as well as those seeking recognition by the College, prior to receiving recognition or registration;

3) To student-athletes prior to participating in intercollegiate athletic competition;

4) To all students residing in College-sponsored housing prior to registering for the residence.
B. Other Education
The College shall offer education to all other students not subject to required training, including international students, students that are also employees, students in student organizations, and online and distance learning students.

C. Faculty and Staff Training
The Title IX Coordinator, in coordination with the Office of Student Affairs, Office of Safety and Security, the Office of Human Resources and other applicable offices, is responsible for ensuring that all new employees and current employees, including but not limited to faculty, staff, administrators, security officers, athletic staff and residence life staff receive annual training regarding all aspects of this policy and on sexual misconduct (including domestic violence, dating violence, stalking and sexual assault).

D. Conducting Campus Climate Assessments
The College shall conduct, no less than every other year or as otherwise required by law, a campus climate assessment to ascertain general awareness and knowledge of the provisions of this policy, including student experience with and knowledge of reporting and college adjudicatory processes, which shall be developed using standard and commonly recognized research methods. The assessment shall be structured to be in compliance with applicable law, including Section 129-B of the New York State Education Law. The College shall publish the results of the surveys on its Title IX web page. The published results shall not contain any information which would enable a reader to identify any individual who responded to the climate assessment.

E. Annual Reporting
College is required to report to the State of New York aggregate data relating to domestic violence, dating violence, stalking and sexual assault, in accordance with state and any applicable law.

XII. Definitions of Terms in this Policy

A. Affirmative Consent is a knowing, voluntary and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant’s sex, sexual orientation, gender identity or gender expression. Consent may be initially given but withdrawn at any time. Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act. When consent is withdrawn or can longer be given, sexual activity must stop.

In order to give consent, one must be of legal age (17 years or older). Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol. Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity. Incapacitation may be caused by lack of consciousness or being asleep, being involuntarily restrained, or if the individual otherwise cannot consent. Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs, or other intoxicants may be incapacitated and therefore unable to consent.

B. Complainant refers to the individual who alleges that she/he has been the subject of sexual harassment, gender-based harassment or sexual violence, and can be a Mercy student, employee (including all full-time and part-time faculty and staff), contractor, vendor or visitor. Under this policy, the alleged incident(s) may have been brought to the college’s attention by someone other than the complainant.
C. **Complaint** is an allegation of sexual harassment, gender-based harassment or sexual violence made under this policy.

D. **Dating, Domestic and Intimate Partner Violence** is a pattern of coercive behavior that can include physical, psychological, sexual, economic and emotional abuse, perpetrated by one person against an intimate partner. Such violence may occur in all kinds of intimate relationships, including married couples, people who are dating, couples who live together, people with children in common, same-sex partners, and people who were formerly in a relationship with the person abusing them.

E. **Forcible Touching/Fondling** is intentionally touching the sexual or other intimate parts of another person without the latter’s consent for the purpose of degrading or abusing such person; or for the purpose of gratifying the actor’s sexual desire.

F. **Gender-Based Harassment** is unwelcome conduct of a nonsexual nature based on an individual’s actual or perceived sex, including conduct based on gender identity, gender expression, and nonconformity with gender stereotypes that is sufficiently severe and pervasive to adversely affect an individual’s participation in employment, education or other Mercy College activities. The effect will be evaluated based on the perspective of a reasonable person in the position of the complainant. An example of gender-based harassment would be persistent mocking or disparagement of a person based on a perceived lack of stereotypical masculinity or femininity.

G. **Managers** are employees who have the authority to either (a) make tangible employment decisions with regard to other employees, including the authority to hire, fire, promote, compensate or assign significantly different responsibilities; or (b) make recommendations on tangible employment decisions that are given particular weight. Managers include vice presidents, deans, directors, or other persons with managerial responsibility, including, for purposes of this policy, department chairpersons and executive officers.

H. **Rape and Attempted Rape** is the penetration or attempted penetration, no matter how slight, of any body part by a sex organ of another person, without the consent of that person.

I. **Respondent** refers to the individual who is alleged to have committed sexual harassment, gender-based harassment or sexual violence against a Mercy College student, employee, contractor, vendor or visitor.

J. **Retaliation** is adverse treatment of an individual as a result of that individual’s reporting sexual harassment, gender-based harassment or sexual violence, assisting someone with a report of sexual harassment, gender-based harassment or sexual violence, or participating in any manner in an investigation or resolution of a sexual harassment, gender-based harassment or sexual violence report. Adverse treatment includes threats, intimidation and reprisals by either a complainant or respondent or by others such as friends or relatives of either a complainant or respondent.

K. **Sexual Activity** is:
   1) penetration, however slight, of the vulva or the anus by the penis, hand/fingers or other object;
   2) contact between the mouth and the penis, the mouth and the vulva, or the mouth and the anus;
   3) intentional touching, either directly or through the clothing, of the genitalia, anus, groin, breast, inner thigh, or buttocks of any person; or
   4) intentional touching, either directly or through the clothing of any other body part, with an intent to abuse, humiliate, harass, degrade or arouse or gratify the sexual desire of any person.
L. **Sexual Assault** is any form of sexual activity that occurs without consent.

M. **Sexual Harassment** is unwelcome conduct of a sexual nature, including but not limited to unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, graphic and electronic communications or physical conduct of a sexual nature when:

1) Submission to or rejection of such conduct is made either explicitly or implicitly a condition of an individual’s employment or academic standing or is used as the basis for employment decisions or for academic evaluation, grades, or advancement (quid pro quo); or

2) Such conduct is sufficiently severe and pervasive to adversely affect an individual’s participation in employment, education or other Mercy College activities (hostile environment). The effect will be evaluated based on the perspective of a reasonable person in the position of a complainant.

Conduct is considered “unwelcome” if the individual did not request or invite it and considered the conduct to be undesirable or offensive.

While it is not possible to list all circumstances that might constitute sexual harassment, the following are some examples of conduct that might constitute sexual harassment depending on the totality of the circumstances:

1) Inappropriate or unwelcome physical contact or suggestive body language, such as touching, groping, patting, pinching, hugging, kissing, or brushing against an individual’s body;

2) Verbal abuse or offensive comments of a sexual nature, including sexual slurs, persistent or pervasive sexually explicit statements, questions, jokes or anecdotes, degrading words regarding sexuality or gender, suggestive or obscene letters, notes, or invitations;

3) Visual displays or distribution of sexually explicit drawings, pictures, or written materials; or

4) Undue and unwanted attention, such as repeated inappropriate flirting, staring, or making sexually suggestive gestures.

For purposes of this policy, sexual harassment also includes acts that violate an individual’s right to privacy in connection with her/his body and/or sexual activity such as:

1) Recording images (e.g. video, photograph) or audio of another person’s sexual activity, intimate body parts, or nakedness without that person’s consent;

2) Disseminating images (e.g. video, photograph) or audio of another person’s sexual activity, intimate body parts, or nakedness, if the individual distributing the images or audio knows or should have known that the person depicted in the images or audio did not consent to such disclosure;

3) Viewing another person’s sexual activity, intimate body parts, or nakedness in a place where that person would have a reasonable expectation of privacy, without that person’s consent.

N. **Sexual Misconduct** is sexual harassment, gender-based harassment or sexual violence, as defined in this policy.

O. **Sexual Violence** is an umbrella term that includes: (1) sexual activity without affirmative consent, such as sexual assault, rape/attempted rape, and forcible touching/fondling; (2) dating, domestic and intimate partner violence; (3) stalking as defined below.

P. **Stalking** is intentionally engaging in a course of conduct directed at a specific person with whom the perpetrator currently has, previously has had, or desires to have, some form of sexual or romantic relationship, that:
1) is likely to cause reasonable fear of material harm to the physical health, safety or property of such person, a member of such person's immediate family or a third party with whom such person is acquainted; or

2) causes material harm to the mental or emotional health of such person, where such conduct consists of following, telephoning or initiating communication or contact with such person, a member of such person’s immediate family or a third party with whom such person is acquainted; or

3) is likely to cause such person to reasonably fear that her/his employment, business or career is threatened, where such conduct consists of appearing, telephoning or initiating communication or contact at such person's place of employment or business, and the actor was previously clearly informed to cease that conduct.

Q. **Vendor, Visitor or Contractor** is an individual who is present at a Mercy campus or unit but is not a student or employee. Vendors and Contractors have business-related work with the College.
All Mercy College students have the right to:

1. Make a report to local law enforcement and/or State Police;
2. Have disclosures of domestic violence, dating violence, stalking and sexual assault treated seriously;
3. Make a decision about whether to disclose a crime or violation and participate in the disciplinary process and/or criminal justice process free from pressure by the College;
4. Participate in a College disciplinary process that is fair, impartial, and provides adequate notice and a meaningful opportunity to be heard;
5. Be treated with dignity and to receive from the College courteous, fair, and respectful health care and counseling services, where available;
6. Be free from any suggestion that the reporting individual is at fault when these crimes and violations are committed, or should have acted in a different manner to avoid such crimes or violations;
7. Describe the incident to as few College representatives as practicable and not be required to unnecessarily repeat a description of the incident;
8. Be protected from retaliation by the College, any student the accused and/or respondent, and/or their friends, family and acquaintances within the jurisdiction of the College;
9. Access to at least one level of appeal of a determination;
10. Be accompanied by an advisor of choice who may assist and advise a reporting individual, respondent throughout the disciplinary process, including during all meetings and hearings related to such process; and
11. Exercise civil rights and practice of religion without interference by the investigative, criminal justice or disciplinary process of the College.

I. POLICY ON STUDENT DEMONSTRATIONS

1. The College believes that students or members of groups within the Mercy College community should have the right to engage in individual or organized activity to express their views on a particular issue or cause, whether against the College or society. Demonstration and rallies, however, should not interfere with the operation of the institution. The College has an obligation to protect the safety and welfare of its students, faculty, and staff, and to insure that its academic mission is not compromised. Therefore, demonstrations and rallies must be nonviolent, considerate of the rights of all members of the College community, and may not involve disruptive conduct. It will be considered disruptive conduct under this policy for participants to: Gather in such a fashion as to physically hinder entrances to, exits from, or passage ways within any College building or other structure, or hinder the normal flow of pedestrian or vehicular traffic on or to any campus.

2. Create a volume of noise that prevents members of the College from carrying on their normal activities.

3. Employ force or violence, or constitute an immediate threat of force or violence, against persons or property.

4. Congregate, or assemble within any College building or on College property in such a fashion as to disrupt the College’s normal functions or violate the following rules:
   a. No group may be admitted into a private office unless invited, and then not in excess of the number designated or invited by the occupant. Passage through reception areas leading to a private office must not be obstructed.
   b. Corridors, stairways, doorways, and building entrances may not be blocked or obstructed in violation of the regulations of the New York City Fire Department or of the College. Clear and unimpeded passageways must be maintained at all times.
   c. Space may be occupied only when assigned through established College procedures.
   d. Any noise which interferes with the work or study of persons in a building will not be permitted.
   e. Buildings must be cleared at normal closing time for each building unless other arrangements are approved in advance.

Permission for organized demonstrations on College property or in College facilities must be obtained in advance and in writing from the Dean of Student Affairs or designee. In the event that a request is not approved, the organizer of the group may appeal the decision in writing to the Chief Operating Officer.

Once approval is granted for a demonstration or rally, individuals organizing the event are responsible for insuring that it is conducted in a responsible manner. The College reserves the right to take steps to address inappropriate conduct. The location of a demonstration or rally will be clearly defined by the Assistant Dean of Student Affairs. The College also reserves the right to notify the local police in advance of a demonstration or rally to be on call to prevent any infraction of local laws.
J. STATEMENT ON SOCIALIZING SAFELY ON THE INTERNET

Mercy College students are engaged in and involved in many co-curricular clubs, organizations and athletic teams. Students find many opportunities within the community to socialize with one another. Online communities such as Facebook, Myspace, LinkedIn, Twitter, YouTube and blogs have helped students at Mercy College and other schools connect in many ways. Through these online communities, students have met other students with similar interests, formed groups to explore and celebrate specific interests, and transformed communication. Students may be asked by the College to remove any inappropriate messages posted or actions taken on such online communities.

There are some cautionary lessons that have emerged from participating in online communities. Students are advised to use discretion when posting personal information on the internet. As a result, students should be aware of the following.

1. When posting to the internet, keep in mind that you cannot ensure who does and does not have access to your information.

2. Information you post on the web may remain there even after you erase or delete the information from your profile or blog.

3. Future employers, graduate schools and other organizations may consider information posted on the web in making employment, admission, or other similar decisions.

4. Anyone with an @mercymavericks.edu email address may gain access to the Mercy College Facebook.com community, including photos. Use the settings feature on these sites to limit who can access your information.

5. By agreeing to the terms of use, online communities have your permission to republish your content in other locations and share information with third parties, advertisers and law enforcement.

6. Your profile will be a part of how others know you—please keep that in mind as you use Facebook, MySpace, LinkedIn, Twitter, YouTube, blogs and other online communities.

MERCY COLLEGE WHISTLEBLOWER POLICY

I. Policy

Mercy College is committed to conducting its affairs in accordance with all federal, state, and local laws and regulations and to ensuring that its internal policies are followed. The College expects all College community members to report conduct or suspected conduct that they in good faith believe may violate the law or College policy (“whistleblowers”) so that the College may investigate and take appropriate action. The College has established a confidential hotline 1-888-OK-MERCY (1-888-656-3729) for reporting violations. The College will ensure that whistleblowers are protected from retaliation for making such reports. This policy should not be used for routine personnel or managerial disputes.

Persons with knowledge of conduct or conditions that pose an imminent threat to the health or safety of any member of the Mercy College community or the public should immediately call 911 or Campus Public Safety at x 7225 or x 9999.

II. Reporting Suspected Violations of Law or College Policy

A. Who Should Report

The following members of the Mercy College community are expected to report conduct that relates to the College and that they in good faith believe may violate federal, state or local law or College policy (“violations”):

- Individuals who are paid by the College, including full-time and part-time faculty and staff;
- Consultants, vendors and contractors doing business with the College;
- Individuals who perform services for the College as volunteers or otherwise assert association with the College, including trustees and officers; and
- Students in any degree, non-degree, diploma, certificate granting or other programs.

B. What Should Be Reported

Suspected misconduct that should be reported includes, but is not limited to, that which involves or relates to the following:

- Fraud, theft, embezzlement, destruction or misuse of College property or resources
- Forgery or unauthorized alteration of documents or computer records
- Falsification or misrepresentation of reports, including timesheets and travel reimbursement forms
- Conflict of interest or ethics violations
- Computer fraud or data security breaches
- Disclosing confidential or proprietary information to unauthorized individuals
- Taking information of another and using it in an unauthorized manner or facilitating identity theft
- Sexual assault, assault, hazing or child abuse or misconduct relating to minors
- Discrimination and harassment, including age, disability, sex-based and race
- Environmental, health and safety violations
- Research or academic misconduct by faculty or staff
- Retaliation for reporting misconduct under this Policy
C. How to Report

(1) Employee Whistleblowers
Depending on the nature of the complaint, it may be appropriate for the employee to resolve their concerns at the most local level, by reporting suspected violations through standard management channels, beginning with their immediate supervisor. If the employee does not wish to report a suspected violation to an immediate supervisor, employees may go to a higher level of management or report the misconduct by contacting the confidential hotline 1-888-OK-MERCY (1-888-656-3729) or the Director of Internal Audit at 914-674-7296.

(2) Students and other Non-Employee Whistleblowers
Students and those who are not employees of the College should contact the confidential hotline 1-888-OK-MERCY (1-888-656-3729) or the Director of Internal Audit at 914-674-7296 to make a report of suspected violations of federal, local or state law or College policy.

D. Confidentiality

Reports of violations will be kept confidential to the extent possible, consistent with the need to conduct an adequate investigation, to comply with all applicable laws, and to cooperate with law enforcement authorities. While a report may be made anonymously, doing so may hinder the College’s ability to investigate and resolve the complaint.

E. Investigation of Allegations

(1) Who will conduct an investigation
Reports will typically be directed to persons responsible for investigation and resolution consistent with Mercy College policies and procedures. In some cases, it may be appropriate for the department manager to investigate a matter. In other circumstances, the complaint may need to be forwarded to a different department within the College for investigation. For example, the Executive Director of Human Resources is responsible for investigating complaints of unlawful discrimination, sexual harassment, routine personnel or managerial disputes. In all circumstances in which a report is made pursuant to this Policy, the supervisor or manager shall confer with the Director of Internal Audit to determine if an investigation is warranted and if so, who shall conduct the investigation.

(2) Cooperation Required
Any member of the College community who is interviewed, asked to provide information, the subject of an investigation, or otherwise asked to participate in an investigation, has a duty to fully cooperate with College officials who are charged with conducting an investigation. Participants should refrain from discussing or disclosing the details of the investigation with anyone.

(3) Violations
Confirmed violations under this Policy will result in appropriate disciplinary action up to and including termination from employment in accordance with applicable procedures under the relevant College policies, procedures, bylaws or collective bargaining agreements, or severance of the relationship with the College. In some circumstances, civil and/or or criminal charges and penalties may apply.
III. **Retaliation Against Whistleblowers Prohibited**

No Mercy community member who in good faith reports any action or suspected action taken by or within the College that is illegal, fraudulent or in violation of any College policy shall suffer intimidation, harassment, discrimination or other retaliation or, in the case of employees, adverse employment consequence such as demotion, suspension, termination, or threat to do the same.

Any community member who engages in retaliatory behavior against another individual who has reported a suspected violation or cooperated in an investigation of, or proceeding relevant to, a violation may be subject to discipline, up to and including termination of employment, in accordance with applicable procedures under the relevant College policies, procedures, bylaws or collective bargaining agreements, or severance of the relationship with the College.

IV. **Filing a False Report**

Making a false report or providing false information during the course of an investigation may be grounds for discipline in the absence of good faith belief that the report or the information is true.

V. **Distribution of this Policy**

This policy shall be posted on the Mercy College website and shall be distributed to all new and current employees, board of trustees, officers, students, and volunteers who provide substantial services to the College through electronic notifications or other appropriate means.

VI. **Administration of this Policy**

The Director of Internal Audit shall be responsible for the administration of this Policy including:

- Monitoring the confidential hotline;
- Disseminating the policy;
- Making periodic updates to the Policy as may be necessitated by changes in law;
- Providing reports to the Chair of the Audit Committee when appropriate; and
- Notifying law enforcement, regulatory and other governmental authorities when appropriate.
