ADDENDUM

Mercy College

Strikethrough = Deletion, Bold Underline = Addition
The current Mercy College Catalog covers the 2017-2018 academic year. This addendum is intended to supplement the 2017-2018 catalog and should be used along with it to help reference changes made in August 2017. Students are encouraged to speak with a PACT/OES/COP mentor regarding these changes and how, if at all, they may affect their intended program of study.

All information in this addendum is effective August 2017 unless otherwise noted.

The most up-to-date version of the catalog, which includes these addendum items, can be found on Mercy Connect or the Mercy College website. All addendum items will be integrated into the current version of the catalog. Please use this addendum to help reference where changes have been made.

While every effort has been made to ensure the accuracy of the information in the catalog, Mercy College reserves the right to alter its degree requirements, regulations, procedures, and course offerings.

Changes to text in the 2017-2018 catalog addendum are indicated in this addendum by a strikethrough where text has been deleted or a bold underline where text has been added.

Page 30 – Teaching Certification in New York State

Teaching Certification in New York State
In order to become certified as a teacher in New York State, candidates are required to achieve qualifying scores on the Academic Literacy Test (ALST), Praxis, the Educating All Students test (EAS), and the Content Specialty Tests (CST), in the area of each certificate being requested. A final exam, the edTPA is developed and submitted as part of the student teaching experience. Although five-year candidates are not required to take these tests prior to admission into the graduate program, interested applicants may contact the School of Education for additional clarification regarding this process. As of the fall 2016 semester, all candidates seeking to be admitted to the master level of the five-year program will need to take the Graduate Record Examination (GRE) and submit their scores as part of the admissions to the School of Education. Candidates are encouraged to take the GRE no later than the fall semester of their senior year.

Dual Degree B.S. + M.S. Program

The Bachelor of Science/Master of Science Dual Degree Program is an academic program that allows students interested in the teaching profession as a career choice to earn both a bachelor’s degree and a master’s degree in an accelerated format. Through this special program, qualified students who major in English, history, or mathematics, or Spanish can receive teacher certification in Middle Childhood or Adolescence Education, as well as Early Childhood or Childhood Education.

A key feature of this program allows students to take up to 15 graduate education credits during their upper junior and senior years, and these can be used toward satisfying their bachelor’s as well as their master’s degree requirements. Please see the School of Education Section of this catalog for program and course details.

Page 150 – CART 215 (ARTT 215) History of Art Course Description

CART 215 (ARTT 215) History of Art I
This course is the first half of a yearlong survey of the history of art, with specific emphasis on the examination of the representation of ideas in terms of the science of interpretation (hermeneutics) and the language of signs (semiotics). This examination is specifically geared to those for whom the study of the history of art is a prelude to a life of design. The course also covers the history of the development of style, from early cave paintings to the beginnings of the Renaissance. Students develop a visual vocabulary and an acute awareness of style as a function of historical conditions; they also learn to decode images in a way that enables them to be more sophisticated designers of visual communication material. 3 sem. hrs. 3 crs. [Fall only]
