HIGH SCHOOL ARTICULATION PROGRAM

Mercy College is working with students to help them get a jump start on their college career by allowing students to receive college credits for courses currently being taught in their high school. The courses are accepted as direct transfer credit at Mercy College and other colleges and universities. Not only will this course work provide students with valuable preparation for college level work, but it will also save them time and money while earning credits towards their college degree.

THE MERCY COLLEGE HIGH SCHOOL ACHIEVEMENT SCHOLARSHIP MAKES IT AFFORDABLE!

Mercy College is committed to supporting and encouraging high-achieving high school students as they work toward earning college credits. Therefore, Mercy College awards an academic scholarship to each articulation participating student to eliminate over 90% of the tuition for each articulation course for which they enroll.*
